City Planning Commission Is Approved By Romulus

By HENRY CANTIN

ROMULUS — An ordinance creating a City Planning Commission has been unanimously approved by the City of Romulus.

The ordinance's adoption last Tuesday night was the new city council's first major approval.

Romulus became Western Wayne County's newest city on May 7 when voters approved a proposed City Charter.

The new City Planning Commission now in charge of the Department of Planning for Romulus, succeeds to all duties and powers previously exercised by the Romulus Township Planning Commission, except as otherwise provided by law and embraces amendments approved by city council.

The commission will be composed of the mayor, an administrative official of the city selected by the mayor, a member of City Council selected by City Council and six members who shall be appointed by the Mayor subject to the approval of the majority of City Council.

The mayor, administrative official and council representative will serve as ex officio members of the planning commission. No member other than ex officio members shall hold another city office except that one such member may be a member of the Board of Zoning Appeals.

Terms of those appointed to the commission will be staggered; three will serve three years, two will serve two years and one will serve one year.

The ordinance provides that the commission chairman when elected by commission members will serve on year with eligibility for re-election. Also that the commission meet regularly each month.

Appointed by the mayor members may be removed by the mayor after public hearing for insufficiency, neglect of duty, or malfeasance in office.

Councilman Ellis T. Pennington moved that compensation to commission members be in the amount of $50 to the chairman per month and $40 per members per month. This compensation to cover all meetings.

He also moved that the City Planning Commission Ordinance be approved and adopted.

Councilman James C. Stewart supported the motion.

A roll call for for it was unanimous for approval.

Council Has First Session

ROMULUS — "We accept the responsibility. We welcome criticism and urge the public to attend City Council Meetings.

"Our pledge is to work together as a team. We humbly accept the faith and trust of the electorate."

With these words, Jimmie Raspberry, chairman of Romulus' new city council, opened a new era in government for Romulus last Tuesday, May 26.

The initial council session drew a well-attended audience that seem pleased with the speed the new council displayed in handling an active agenda.

Councilman Ellis T. Pennington has the distinction of making the first motion on accepting the agenda as read.

On motion of Councilman Edmund W. Bizek, Councilman William M. Oakley was appointed council chairman pro-tem.

The Robert's Rules of Order and Parliamentary Procedures will be used to govern council session.

Councilman James C. Stewart motioned for the adoption of these rules and Councilman Brooker R. Edwards, supported the motion.

All approvals of council's actions were made on roll call votes.

Council also designated the following banks as depositories of city funds: Manufacturers National Bank, National Bank of Detroit, Security Bank and Trust, Wayne Bank and the Wyandotte Savings Bank.

Councilmen then approved bond coverage proceedures for covering city employes and officials that handle or may handle city funds. A blanket bond coverage now existing was believed to cover this.

Mayor Carmichael was named to replace Roderick E. Smith, former township supervisor, on the Industrial Coordinating Committee on a temporary basis until the council and major studied the whole committee personnel and functions.

A recommendation that all Township signs be replaced with city designation especially at the former township hall was made by Councilman Edwards.

Councilman Pennington supported the recommendation and council approved it.

Engineers Honor Romulus Student

ROMULUS — Frederick M. Hay, 18, Romulus High School senior, was recently awarded a "Certificate of Honor" by the American Society of Body Engineers of Detroit.

FREDERICK M. HAY

The presentation was made by Fred's drafting instructor at Romulus Senior High School, David Ferdon.

Fred's drawing entered in the annual drafting contest sponsored by the American Society of Body Engineers was judged the most outstanding for Romulus High School. He is a second year drafting student.

Fred, who is the only son of Mr. and Mrs. Frederick W. Hay, 14170 Huron River Dr., will be a gold tassel honor graduate this year.

He will also be among those from the Romulus High School Class of '70 honored Thursday, June 4, at the annual Romulus Kiwanis Club banquet for senior honor students. Fred ranks sixteenth in his class.

He is enrolled at Western Michigan University, Kalamazoo for the fall term.

Council Sets Meeting Days

ROMULUS — Meetings of Romulus' new City Council will be held on the first Tuesday, second Thursday and fourth Tuesday of each month.

The official day of three monthly meetings required under the City Charter was set at the council's first session held at the Water Board Building, 36515 Bibbins St., May 28.

City Councilman William M. Oakley motioned that the date, time and place of the regular meeting of the council be set as above and to begin at 8 p.m.

The motion was the first of the new governing body and was adopted unanimously.

Meetings will be held at the Water Board Building until Romulus' new Municipal Complex now under construction at Wayne and Goddard Rds., is completed.

CHECKING THE EQUIPMENT — The Scouts of Pack 739 listen as Sgt. Filinczuk of the Detroit Metro National Guard explains the functions of the aerial camera equipment.

Inaugural Ball Is Set June 13

ROMULUS — An Inaugural Ball marking the formal beginning of Romulus' new and first mayor and city council will be held on June 13, at 8 p.m.

Romulus Progressive Club Hall located at 11580 Ozga Rd., will be the site for the Inaugural Ball.

Romulus a township for 133 years, became Western Wayne County's newest city in a special City Incorporation Election held last May 7.

Voters then approved a proposed City Charter calling for a strong mayor type government.

Mayor Hyle J. Carmichael, veteran Romulus banker and prominent resident, along with a seven member City Council was elected.

Although the new government officials were sworn in on May 23, numerous requests for an Inaugural Ball were received by city leaders.

To honor these requests community leaders decided to make plans and scheduled the ball.

Tickets that cost $2.50 per person can be obtained from Leonard J. Folmar, city clerk, or at Barhop's Drive-In, 12224 Huron River Dr., and at Joseph Crova Sales and Service, located at 37385 Goddard Rd.

Flouride Program Continues

ROMULUS — Due to unforeseen circumstances the Romulus school topical flouride program is behind schedule and cannot be completed before the end of the school year.

Wayne County Department of Health will continue the program into the vacation period, until at least the end of June.

All parents interested in the flouride treatments for eligible children should return the envelopes, with the $5 fee, to the school.

For further information please contact Dr. Paul A. Babas at the Health Department, 721-0200, extension 6886.

Romulus Race Attracts Three

ROMULUS — Only three candidates will be on Monday's ballot as the voters in the Romulus School District go to the polls in the annual school election.

At stake will be two four-year trustee posts on the Board of Education.

Seeking re-election are Gerald Budd of 12103 Schultz, Romulus and Garold Hoffer of 34841 Lynn Drive, Romulus.

Challenging them is Ronald Christensen of 35921 Northline, Romulus.

Romulus School District voters will be available to vote between 7 a.m. and 8 p.m.

Voter turn-out is expected to be light, as there are neither millage nor bond proposals on the ballot. Trustee races, as a rule, generally draw fewer voters than combined trustee and millage elections.

Romulus Roman Is Official Paper

ROMULUS — The Romulus Roman, one of the nine weekly suburban newspapers of the Associated Newspapers Inc., owned and operated by Panax Corporation, has been officially designated as "The Official Newspaper" of the new City of Romulus.

Members of City Council approved selection of the Romulus Roman at its first council session held on May 26.

A motion to select the Romulus Roman as the official newspaper for Western Wayne County's newest and 33rd city was made by Councilman Brooker R. Edwards.

His motion was unanimously approved by a roll call vote.

The Romulus Roman was also the official newspaper during township administration.

Huron Board President Supports Supt. Antcliff

NEW BOSTON — Carleton K. Rush, president of the Huron Board of Education, offered his views Friday on the present turmoil in the school district.

A citizens group, called the Huron Township Citizens Committee, has called for the resignation of School Superintendent Bryon Antcliff and have renewed objections to the "Becoming Curriculum," a philosophy of education textbook.

Rush expressed the utmost confidence in Antcliff, pointing out that the Huron School Board had only recently granted Antcliff a three-year contract. Rush said that he recalled that the Board's vote on the contract was unanimous, and that no citizen displeasure had been voiced at the time.

Regarding the citizens' call for Antcliff's resignation, Rush said that the petition did not ask the Board to take action, but merely asked the Superintendent to resign. The petition does not require Board action.

Rush added that the petition was not a petition in the legal sense of the word. "It's just a list of names."

Concerning the "Becoming Curriculum," Rush said that this has been a topic of Board meeting discussion since last September.

The "Becoming Curriculum", according to Rush, is a compilation of lesson plans and teaching philosophy. It is not a textbook that is being used in the District.

Rush said that last fall a special public meeting was heard so that "Becoming Curriculum" could be explained to Board members and citizens alike.

He recalled that the citizens "listened, heard, and seemed satisfied." He said that from the citizen reaction, he thought the matter was settled.

At the time of the public meeting, the Board of Education requested that Antcliff obtain a copy of "Becoming Curriculum" so that Board members could individually review the book.

Rush said that the Board requested the book "for their information only." He added that the Huron Board has never taken nor been asked to take an official action regarding the "Becoming Curriculum."

Six Seek Voter Support

NEW BOSTON Huron School District voters will select two School Board trustees from a field of six candidates in next Monday's annual school election.

Among the six are two incumbents, Rene A. Campeau of 32230 Sibley, Romulus, and Ralph V. Dugan of 36858 Ellis, New Boston. Campeau is presently the Board treasurer, while Dugan is a trustee.

Seeking to unseat the incumbents are Harry Hartsuff of 21850 Bell Rd., New Boston; Mrs. Harley (Erma) Palmiter of 32150 Prescott, Romulus, James Pershing of 19611 Clark, Belleville; and Lincoln Ward II of 23883 Clark, Belleville.

The winners will each earn four-year positions.

In addition, the voters will be asked to vote on a proposition that would allow the transfer of approximately $8,000 from a paid-up debt retirement fund into a building fund and sites fund.

The approval of this proposition would allow the District to spend the money on building and site expenses. The proposition will not cost the taxpayers any money, it merely allows the District to spend money already on hand.

Ordinarily a small voter turnout would be predicted when there are no millage or bond proposals on the ballot. However, the current curriculum controversy involving the Superintendent, the Board of Education, and a citizens committee may spark a heavier than usual vote totals.

For complete biographies and statements from all the candidates, see the inside pages.

TO THE EDITOR:

It seems a shame that plans were not made to have the public attend the swearing in of the new Romulus city officials.

This was an historic occasion for the city of Romulus and the public should have been made a part of it. No formal installation plans that I understand are to follow will makeup for missing the occasion.

Though this was an oversight on this occasion by the administration let not the public be taken so lightly in the future.

Charles J. Dick Jr.

To The Editor:

In reference to the former Huron student:

I happen to be a student of the teacher you refer to as atheist. I also happen to enjoy her class World Cultures, her method of teaching, and I admire her intelligence. She makes us think. She introduces views for us to form opinions on. She never tries to indoctrinate her beliefs, but tries to make us have an open mind when looking at other religions and cultures. In a Christian society, we all are too apt to judge, to believe that Christianity is the only right religion in the world. We're shown to respect other religions as they ours.

Did you know that it's a state law that Christianity may not be taught in schools although others may? She may be an atheist, but the Constitution guarantees our right to choose whatever religion or not we wish to follow.

What difference does it make whether a Jew, Negro or white writes a book? These books are introduced to help clarify a religion, not cause us to change. Every person at one time questions his faith. At our age, if we have been exposed to outside opinions and ideas, we won't be prone to be swayed from what we believe after we get out of high school. Our ideas will have been formulated and stablized. She tries to prepare us for this.

I firmly believe that she is one of the better teachers in the Huron School District. Of course her ideas and methods have changed, but the times have also.

Many of the people in Huron Township want to go back to the teaching methods of 20 years ago, when they were in school. How about asking the current students how they feel about it, they're the ones being taught.

To The Editor:

As members of the citizens committee, we would like to respond to the article quoting Byron Antcliff which appeared in the Romulus Roman last week.

Our petitions were not intended to be legally binding. They were circulated to convince the school board that we were more than a few dissatisfied residents. We circulated the petitions without the assistance of any board member. All signatures were definitely residents of the Huron School District.

The signature of the one minor that appeared (a graduate in 1969) was there because he sincerely believed that a change was needed.

Some residents were not registered voters, but they are parents, and this alone should qualify them to voice an opinion.

Another important issue is the "Becoming Curriculum." At the present time, it may not be in use. However, it was reported in the Monroe Evening News May 19 that Mr. Antcliff stated, "The two six grade classes at Hannan Road School should discontinue this method of teaching because it was too unproved."

We strongly urge the board members to obtain a copy and review the "Becoming Curriculum," and if they agree with this method of education, we as parents will legally oppose them.

To The Editor:

In 1960, the voters of Van Buren township passed a levy of four mills tax on the equalized evaluation of their property for the purpose of operating the Sewer and Water Department. Today that tax is six mills. This tax was raised two mills without a vote by the taxpayers.

The law of the State of Michigan provides that any ordinance passed by a local government, whether that government is a City or a Township Government, has to be explained and discussed at public hearing before that ordinance can be adopted as law.

In Van Buren Township, our Board of Trustees, under the guidance of our Supervisor, has passed many ordinances in the past six years without any public hearings.

In every budget there is a classification called "other Expenses". In the 1970 budget for Van Buren Township the "other expenses" category accounts for more than $84,000 dollars.

A government that taxes the people without a vote by the people is not a government operating for the people.

A government that passes laws affecting more than 12,000 people without public hearings to allow the people to voice their opinions certainly cannot be a government operating for the good of the people.

A government that hides $84,000 dollars, or one fourth of their budget, under "other expenses" is not a government operating for the good of the people.

The citizens of Van Buren Township deserve to have a government operating for the benefit of the people not for the benefit of the government.

To The Editor:

Where have all the citizens gone? When will the majority of the people in Romulus begin to take pride in our community? These questions ran through my mind as I and my children stood on the corner and watched the annual Memorial Day Parade.

The main part of town was nearly deserted. The only store that was open didn't have an American flag in place. There were two flags displayed in town, and they were not in front of businesses.

I admit it was a modest parade. There wasn't even a band. The men and women who marched were mostly veterans of World War II and Korea. They made great sacrifices for us. Couldn't we take at least 45 minutes a year out of our lives to honor them.

As the parade rounded the curve on Goddard, it began to rain. It mingled with the tears streaming down my face for the many thousands of men and boys who have laid down their lives and who are still in Asia for the cause of freedom, so we may live without fear.

My family has been lucky; we've only lost two boys. But where are the loved ones of others who have died for our country. I realize many people were out of town, but many others were too lazy to set the alarms and drive to town early. We attended the parade; it was over by 9:45 a.m. and my children still made it to church on time.

I love and revere everything this country stands for. Romulus is a city now, and if we all work together we can have one (a city) we can all take pride in.

Next year I hope to see the best turnout Romulus has ever seen.

Cub Scout Pack 231 Holds Inspection,. Gives Awards

BELLEVILLE — Cub Scout Pack 231 held their monthly pack meeting at Trinity Episcopal Church, Tuesday, May 26.

Opening the meeting was Den Three with a skit on the month's theme "Natures Backyard".

This was Uniform Inspection Month. Our thanks to Ken Hardin and Elbert Johnson, of Boy Scout Troop 231, for being the official inspectors.

All boys received a Cubscout comb and nail clipper set by Cubmaster, Jesse Slade.

Guest speaker for the evening was Ken Hardin, of Boy Scout Troop 231. Hardin showed slides of the Boy Scout trips to Disneyland and Hawaii, in 1968. Enjoyed by all, it showed the cubs what they had to look forward to when they advance to Boy Scouts.

A special award was given to Steve Johnson, of the Boy Scouts Pack 231, by Den Mother Mrs. Roberta Boice of Den Two. Steve earned his Den Chief Shoulder Braid for helping Mrs. Boice with her den all season.

Cubmaster Jesse Slade then awarded cubs the following awards: Den One: Jim Bevard, Bobcat pin and introduced him as a new cub to the pack.

Den Two: Gary Fuller, Wolf badge, one gold arrow, four silver arrows; Tom Baily, Wolf badge, one gold arrow, four silver arrows; Gene Boice, one silver arrow under his Bear rank.

Den Three: Richard Bassett, Bear badge, one gold arrow, two silver arrows; Michael Books, Bear badge, one gold arrow, one silver arrow and his Denners Stripe. Dale Milotz, Bear badge; Greg Davis, Bear badge, one gold arrow, three silver arrows; Ron Gott, two silver arrows under his Bear rank; Jim Janowski, Assistant Denners Stripe.

Our special thanks to the V.F.W. Post 9568, Romulus, for donating a brand new American Flag to our pack. It was flown proudly in the Memorial Day Parade, in Belleville.

The attendance award ribbon, was a tie this month, between Den One and the Weblo Den.

The meeting was closed by Den Two having all cubs and leaders, join in singing "Goodnight Cubscout."

Refreshments of donuts, cookies, punch and coffee was served by Den One.

Church School Scheduled

BELLEVILLE — A Vacation Church School under the sponsorship of the Presbyterian Church of Belleville, located at 11900 Belleville Rd., will be held June 15-19 from 9 a.m. to 12 noon daily.

The church school will be conducted under the guidance of a trained staff.

To Select Top Area Citizen

BELLEVILLE — United Nations Day will be observed on Oct. 24 this year.

And with this in mind, members of the Van Buren township board have Supervisor Edward C. Stoelton to select an "outstanding citizen" from among area residents for the occasion.

Township Trustee Joseph Hogan motioned that the township board honor some outstanding citizen from the area. He was supported by Board Member, Township Clerk Mrs. Erma Jean Payne.

Mrs. Payne was instructed to send a letter to all local organizations for assistance in making the selection.

So far this year, the IRS Service Center in Cincinnati has processed 478,341 refunds for Michigan taxpayers totaling $138,663,618.

Freight Terminal Slated For Romulus

ROMULUS — Plans for the construction of a large freight terminal facility in Romulus were filed with the Romulus Building Department by Consolidated Freightways Corporation of Delaware.

The proposed and new freight terminal is slated to be constructed at Middlebelt and Van Born Rds.

The plans submitted last Thursday are being studied by Building Department Manager Joseph B. Gallagher, and awaiting Wayne County Road Commission's approval on road approaches.

The plan's list structural engineers as Michael R. Cabak of Menlo Park, Calif.; mechanical engineers as Hector H. Aiken, of Menlo Park; and the electrical engineers as William Engineering Company of Oakland, Calif.

Antcliff Pledges To Remain As Huron School Superintendent

NEW BOSTON — Huron Township School Superintendent Bryon Antcliff informed the Board of Education Monday that he "firmly intends to honor the Board's commitment" and remain as the Superintendent.

Antcliff's remarks were made in response to an informal petition presented at the May 18th meeting which called upon Antcliff to resign.

The Board's commitment to which Antcliff referred was the fact that recently the Board unanimously approved a new three-year contract for Antcliff.

Citizen support of Antcliff was also in evidence at Monday's meeting as Mrs. Dolores Gracia of 39227 Judd, New Boston, presented to the Board Secretary a petition supporting Supt. Antcliff and requesting that he remain with the District.

After the meeting, Assistant Superintendent Carl T. Renton estimated that there were more than 400 names on the list. He added that this list, like the first, has no legal value, and must be considered as a list, rather than as a formal petition.

The performance of the Superintendent as an administrator provided much of the discussion as Antcliff's opponents questioned him on a number of points.

The chief area of citizen complaints is on the "Becoming Curriculum." Board President Carleton Rush defines the book as a compliation of lesson plans and educational philosophies. A citizen committee believes it to be a dangerous new kind of education.

In response to a citizen question, Antcliff stated that some of the ideas of the "Becoming Curriculum" were being used in two classes at the Hannan Road School without any authorization.

Antcliff added that when he learned that this was being used, he ordered these methods be stopped until the Board and the administration could review them.

At the request of the Board, Antcliff obtained a copy of the "Becoming Curriculum," which was to be viewed by all Board members, and then by Antcliff and his staff.

Antcliff said that he has not yet been able to thoroughly review the book since it has been in the hands of the Board member Mildred Bennett for the past three months. In addition, Board Treasurer Rene Campeau said that he had asked for the book from Mrs. Bennett over two months ago, and still has not seen it.

Speaking on the current controversy, Campeau said, "Sometimes I wonder if people aren't unhappy that problems are being solved." He said that with 118 teachers and administrators, there are bound to be problems, but that these problems can be solved.

Campeau then said that he complimented Mrs. Bennett and the citizens group that opposes Antcliff on "their tenaciousness," but these people "can't see the forest for the trees."

Campeau concluded, saying, "If you can't be constructive, be silent."

Mrs. Bennett responded that she becomes involved because people call her, not because of personality clashes.

Trustee Ralph V. Dugan, added, "Bryon Antcliff is one of the most humane persons I've ever met. He doesn't try to put square legs in round holes." Dugan said that Antcliff works so that students can become what they are best qualified to do.

No action was taken regarding this matter, as the Board of Education continued to support the Superintendent. On the other side, the citizens committee indicated that the committee was not yet satisfied.

Studying City Seal

ROMULUS — Councilman Fred Junior Block was appointed by his colleagues on Romulus City Council to supervise the selection of a proposed City Seal for Romulus.

Mayor Hyle J. Carmichael suggested that the seal be based on three areas of community activity - airplane, factory and railroad which was taken under advisement and consideration by council.

Pritula Is Appointed Head Of Romulus City's DPW

ROMULUS — A recommendation that William A. Pritula, present manager of Romulus Water and Sewer Department, be appointed the first head of the newly created Department of Public Works was unanimously approved by Romulus City Council.

The creation of the new city's Department of Public Works, a complete take-over of present water and sewer facilities and the naming of its first director, was requested and recommended in Mayor Hyle J. Carmichael's first official report to City Council.

Pritula, 48, has been manager of the water and sewer department and its present staff of 27 employes for the last three years.

He came to Romulus in 1956. He and his wife, Catherine are parents of seven children of whom three are married. The Pritulas reside at 16200 Huron River Dr.

He was born in Detroit. Attended Detroit schools and in the early forties moved to Ecorse where he graduated from Ecorse High School in 1942. He met his wife in Ecorse.

There are five girls in the Pritula family. Three of them: Elsie, 16; Christine, 13; and Sandy, 11; all reside at home.

City Councilman William Oakley moved to have city council concur in the mayor's recommendation, Councilman Ellis T. Pennington supported the motion.

WILLIAM A. PRITULA

A roll call vote approved the appointment unanimously.

President Rush Offers Comments

NEW BOSTON — Huron School Board President Carleton K. Rush of 29620 King Rd., Romulus, this week issued a statement to the citizens of the Huron School District.

The statement is as follows:

"In the recent issues of area newspapers there have appeared letters to the editor containing ambiguous and misleading statements about the Huron Schools. The purpose of these letters is not clear. However, the results may be good, for many parents are now becoming interested in their schools. We only hope they are sure to get their facts straight.

"The Huron School Board and Administration has, and will continue to listen to the residents of the Huron School District. We will do all within our power to answer any reasonable request of the citizens of our district.

"We are all motivated by the same desire, the best possible education for our children within the dollars available. We must work in an atmosphere of truth and trust for each and everyone concerned. It is only by setting an example of seeking and understanding truth, not lending our ear to unsubstantiated hearsay, that we convey to our children the right principles on which to build their lives."

Candidates In School Elections List Backgrounds

RALPH DUGAN

JAMES PERSHING

LINCOLN WARD II

HARRY HARTSUFF

Huron School District Aspirants

NEW BOSTON — Huron Township School District voters will elect two trustees to four year posts. Six candidates are seeking the two openings.

RENE CAMPEAU

Rene F. Campeau of 32230 Sibley Rd., Romulus, is seeking re-election to the Huron School Board. Elected in 1968. Campeau has served since then in the capacity of School Board treasurer.

Campeau, 47, has resided in this area for the past five years. He earned his high school diploma from St. Anthony's in Detroit in 1938.

Campeau is self-employed as the president of the R.F. Campeau Midas Muffler Shops.

In the community, Campeau is a member of the New Boston Rotary, and has served as the Club's treasurer.

Professionally, he is a director of the Auto Parts Dealers Association of Michigan.

Campeau was a 2nd lieutenant in the European Theater of World War II from 1943 to 1946.

He is the father of three children. Rene A. Jacqueline and Yvette C.

Campeau only provided this newspaper with biographical material, and did not answer the questions.

RALPH DUGAN

Ralph V. Dugan, of 36858 Ellis St., New Boston, is seeking re-election to the Huron School Board. He presently holds a trustee post on the Board.

A native of Huron Township, Dugan is 47. He received his education at St. Mary's Wayne, at Wayne High School and at Michigan State University.

He is self-employed as the owner of the A. Dugan and Son Lumber Company.

Long active in the community, he served as Township Supervisor from 1947 to 1954. He served on the Township Planning Commission.

Dugan has been the president of the New Boston Rotary Club, and a member of the Huron Athletic Club and of the Detroit Lumber Association.

A veteran of World War II, Dugan was in the Air Force from 1942 to 1945.

Dugan and his wife Pauline are the parents of two daughters, Mary, 16, and Ann, 12.

1. "Many outstanding citizens of this community have asked me to seek and hold this office," Dugan stated.

2. "I feel qualified to fill this position because of previous experience and of an interest in our school system.

"The major issue is the continuation of progress in our educational system."

HARRY HARTSUFF

Harry Hartsuff of 21850 Bell Rd. New Boston has lived in the community for 30 years. Hartsuff, 45, attended schools in Detroit and served a four-year apprenticeship at the Ford Motor Company. He is presently employed at the Cadillac Motor Car Company in Detroit, as a die maker.

Hartsuff and his wife Doris are the parents of four children, Deborah, Harry Jr., Larry and Janice.

He has served as a Little League Manager for five years, and a Little League Treasurer for one year.

1. "I am for the people. I would like to help them with their problems, concerning our schools," Hartsuff said.

2. "I am qualified to fill this position because I am the father of four children, being educated in Huron Schools.

"Some parents are not in favor of the new form of education being introduced into our schools. Therefore we should take a long hard look at this new system before it is allowed."

ERMA PALMITER

Mrs. Harley (Erma) Palmitter of 32150 Prescott, Romulus, has lived in Huron Township for all her life. Mrs. Palmiter, 51, is a graduate of Romulus High and of Eastern Michigan University. She is presently a teacher in the Woodhaven School District.

Professionally, Mrs. Palmitter is a member of the Woodhaven Education Association and of the Michigan Education Association.

She is the mother of four children, Patricia Wiseley, Terry, Gary and Roger Palmiter, all of whom reside in Huron Township. She also has five grandchildren.

1. "I sought this office because of the dissatisfaction in our school system between the parents, the school board and the administration," Mrs. Palmiter stated.

2. "With over 25 years of experience as an educator, mother of four Huron High School graduates, grandmother of five grandchildren (two of whom are presently now in our elementary schools), I feel qualified to help solve our problems.

"Many parents are not in favor of the 'Becoming Curriculum' that was introduced and used in our school system this past year. I am in favor of traditional education to enrich our students academically, as well as the much needed subjects of art, music, and physical education to build culture, character, and citizenship.

"There should be a direct line of communication between the school board members and the parents in our school system. At the present time, this is nearly non-existent."

JAMES PERSHING

James Pershing of 19611 Clark Rd., Belleville, has resided in the community for the past three years. Pershing, 33, is a graduate of Battle Creek Central High and of Tri-State College, earning a degree in mechanical engineering. He has since taken graduate courses at Henry Ford Community College.

Pershing is employed in the vehicle development department at Ford Motor Company's Dearborn Engineering Center.

Pershing and his wife Beverly are the parents of five children: Jim, Kathy, Mark, Todd and Cheryl. As a family, the Pershings are active in scouting with Pershing serving as a committee chairman of Pack 857, and his wife as a den mother.

1. "I decided to seek this office because people of the community have expressed, to me personally, concern about, and in some cases a desire for change in, our schools. And also, I would like a chance to help insure a better future for today's children," Pershing stated.

2. "Aside from the formal qualifications, a board member should possess congeniality, civic consciousness, a readiness to resist pressure, open-mindedness, a sense of humor, and the ability to approach school problems with courage. I believe I possess all of these qualities.

"In addition, next school year I will have children in the 1st, 5th, 6th and 7th grades. My children are sufficient reason alone to have great concern for our school system now and in the future. I am also concerned for your children. As proof, I offer the fact that for the past three years, I have been an active Committee Chairman of Cub Scout Pack 857 which is presently serving 54 boys.

"There is a great deal of uneasiness in the community about our schools. I feel it is an informal obligation of the school board and administrators to instill confidence in the community as a whole, that education of our children is being handled properly. Board members must; objectively and without prejudice, evaluate our schools and administration to insure that the policy adopted by the board is materializing into a sound educational program in keeping with the community's goal."

LINCOLN WARD II

Lincoln Ward II, a fifteen year resident, lives at 23883 Clark Rd., Belleville. Ward, 32, is a 1956 graduate of Flat Rock High School. Self-employed, he runs a grain operation farm.

Ward spent four years in the Michigan Air National Guard, starting in 1956. He serves as Assistant Webelos Leader in Cub Scout Pack No. 857, and as a committeeman for Boy Scout Troop No. 806.

Ward and his wife Patricia are the parents of two children, Lincoln III and George.

1. "I find the business of operating a school district quite a task, but quite interesting. Our Board policies need up-dating, and I would certainly like to be a part of rewriting them. That job, done right, can save a great deal of problems from arising in the future," Ward stated.

2. "It seems that common sense, fairness and the ability to think for yourself are the most important ingredients in a good Board member. Even a Ph.D. who would rubber stamp a Superintendent would not be a good Board member in my estimation. I have been self-employed for 14 years, and this tends to make a person learn to think for himself.

"In my opinion, I may tend to be a bit more conservative than the incumbents. I will support a traditional style of education. I am not going to support the permissiveness that seems to be a part of most "progressive" that are used in some schools today."

Election Coverage

In order to help area residents select their school board candidates, this newspaper sent questionnaires to all school board candidates in the Van Buren, Huron and Romulus School Districts.

In addition to providing their biographies, the candidates responded to the following questions:

1. Why Did You Decide To Seek Office?

2. Why Do You Feel You Are Qualified To Fill The Position You Seek?

All responses to the two questions are printed verbatim, so the residents can see the candidates' complete comments.

Romulus Candidates

ROMULUS — Romulus School District will select two trustees from a field of three candidates.

Following are brief biographies and candidates' statements on their school beliefs.

Gerald Budd of 12103 Schultz, Romulus, is seeking his second term on the Romulus Board of Education. He was first elected in June, 1966.

GERALD BUDD

Budd, 41, has lived in the community for the past 12 years.

He earned his Bachelor of Science degree from the University of Scranton, his Master's from Eastern Michigan University and his Ed.S from Eastern Michigan.

Budd is presently a Guidance Counselor for the Taylor School System.

Budd is president-elect of the Romulus Rotary Club, and has held other offices within the Club.

He has been the secretary, treasurer and vice-president of the St. Aloysius Ushers Club. He is also a member of the Gregorian Club, of the Moose and of the Michigan School Board Association.

From 1959 to 1965, Budd was a member of the Romulus Recreation Committee.

1. "I decided to seek re-election to continue to work for better education," Budd stated.

2. "I feel qualified to fill this position, because it (education) is my chosen profession. The major issue is curriculum changes, that is, to give the students of Romulus a relevant education at a reasonable cost."

Ronald Christensen of 35921 Northline Rd.,

GAROLD HOFFER

Romulus, has lived in Romulus all his life. Christensen, 32, is a graduate of Romulus High School and of the Building Trades Council School.

He is now a member of Local 58 of the International Brotherhood of Electrical Workers. He is employed as an electrical construction electrician.

Christensen and his wife Mary Ann are the parents of three children Kevin, Kimberly and Jeffrey.

1. "I am interested in the smooth operation of our schools and I was urged by my friends to seek this office," Christensen stated.

2. "Being a native of Romulus, I attended the local schools and now have children attending these same schools, which I think qualifies me to fill this position."

Garold Hoffer of 34841 Lynn Drive, Romulus, is seeking his second term on the Board of Education.

He was first elected in the school election of June 1966.

Hoffer did not complete the candidate's questionnaire.

Wright-Stewart Vows

Former Resident Is Wed In Indian River Church

Nancy Lee Stewart, daughter of Mr. and Mrs. Howard W. Stewart of Indian River, formerly of Belleville, became the bride of John Howard Wright of Flint on May 16. The Episcopal Church of the Transfiguration, nestled in the hills just south of Indian River, was the setting for the five o'clock ceremony.

Rev. Willard Wharton officiated at the double ring nuptials before an altar appointed with yellow and white majestic daisies, gladioli and trees with blossoming foliage.

For the candlelight service, the bride was escorted to the sanctuary by her father. She appeared in a bridal creation reminiscent of the Louis XV era styled with a little fitted bodice of rosepointe lace with the lace forming the upper half of her full, peau de soie sleeves. The bouffant skirt, formed of tiers of ruffles, featured side draping of peau with pearls and sequins adding shimmering accents.

MR. AND MRS. JOHN S. KING

Newly Wed Kings Living In Kansas

Mr. and Mrs. John Scott King have been living in Wichita, Kansas since their marriage May 9 at Trinity Episcopal Church, Belleville.

Donna Jean Sleep became Mrs. King in a double-ring candlelight ceremony read by the Rev. Robert Mac Donald before an altar graced with vases of white chrysanthemums and gladioli.

Mr. and Mrs. Russell C. Sleep of 9111 Stevens, Taylor, are parents of the bride. The bridegroom is the son of Mrs. Lester King of Harrison and the late Mr. King.

Organ music was played by Donald Westphal of Westland, uncle of the bride. Preceding the ceremony, Ernest Ooley of Taylor sang "I Love You Truly" and "Because".

For the seven o'clock nuptials, Miss Sleep selected a cathedral nylon lace gown scalloped at the hem and neckline. Fashioned with a four-tiered bouffant skirt, the back cascaded in V-shaped ruffles to form a cathedral train which was later drawn up into a bustle. The contoured bodice was accented with traditional tapered sleeves ruffled at the wrist and the yoke was frosted with iridescents and pearls.

Organza petals embellished with aurora borealis crystals and pearls secured the bride's elbow-length veil of tulle.

A cascade bouquet of white carnations, stephanotis and lilies of the valley, centered with a detachable corsage, completed her bridal ensemble.

DEBRA KAYE SLEEP as her sister's maid of honor donned a floor-length empire frock of pastel pink nylon lace designed with short lace sleeves and a paneled train. Her headpiece was a shoulder-length nylon veil held in place by a deep pink taffeta bow. Her nosegay was comprised of azalea pink carnations encircled with lace and matching streamers.

Wearing identical ensembles were Cheryl Jane Mullas of Harrison, cousin of the bridegroom, and Lynn Marie Kurtz of Taylor, cousin of the bride. Their nosegays were in pastel pink.

The bridegroom's brother, Daryl King of Harrison, assisted as best man. Ushers were David Sleep of Taylor and Duane King of Harrison, brothers of the bridal couple.

Following the nuptials, the newlyweds were feted at a reception at the church hall with some 200 guests attending including the bride's grandmother, Mrs. Clarence Sleep of Wayne, who was presented with a white carnation corsage.

Mrs. Sleep chose for her daughter's wedding a pink polyester dress with white accessories while the bridegroom's mother wore a black and white jersey jacket-dress with white accessories. Both added corsages of azalea pink carnations to their frocks.

The new Mrs. King graduated from Kennedy High School, Taylor. Her husband is a Harrison High School graduate presently serving as a sergeant with the U.S. Air Force at McConnell Air Force Base, Wichita, Kansas.

Her fingertip veil of silk illusion was secured by an openwork crown of crystals and pearls and she held cascading white roses, phalaenopsis orchids, catalya orchids, baby's breath, and stephanotis.

***

TRAVELING FROM Belleville to fill the role of honor attendant was Rosemary Nowak, a close friend of the bride. Others in the bridal coterie included Mrs. Robert Wells, the bride's cousin from Ypsilanti; Mrs. John Yerian of Owosso; Kimberly La Prairie of Indian River; Lillian Phillips of Belleville; Penny Mills of Ypsilanti; and Julie Wright, the bridegroom's niece from Flint.

Gina Merritt of Indian River, cousin of the bride, was flowergirl.

Identically attired, the group chose Victorian gowns in yellow and green with fitted bodices and high necklines with lace inserts. The lace motif was also used in the skirts.

Their veiled headgear consisted of daisies and small bows and their bouquets were comprised of white daisies and mums.

The bridegroom, son of Mr. and Mrs. Seymore Wright of Boca Raton, Florida, asked his brother, Jim, to serve as best man. Others on the esquire side were Eldon Brown of Ontario; Bob Dawson of Holland; Randy Stewart, the bride's brother from Indian River; and Henry Hanflick and Paul Smith of Flint.

Ryan McArthur of Belleville, cousin of the bride, carried out the role of ringbearer.

***

AT THE RECEPTION, which followed in the National Guard Armory at Cheboygan, some 400 guests were greeted by Mrs. Stewart in a yellow coat-dress ensemble with white accessories. The bridegroom's mother selected a pink and blue jacket dress with beige accessories. Both mothers were presented with corsages of white sweetheart roses.

Following a three-week honeymoon, which will take them to many points of interest on the West Coast, the newlyweds will make their home at 3478 Ridgecliff, Flint.

Nancy is a 1965 graduate of Belleville High School and prior to her marriage, she was employed by North Central Airlines at Pellston. Her husband is self-employed, his business being the Fisher and Wright Mechanical Contracting Company, Flint.

June 20 Is Their Altar Date

The engagement of their daughter, Patricia Ann Smothers, to Joseph Stanley Grimm, is announced by Mr. and Mrs. Beuferd E. Smothers of 6909 Westpoint, Taylor.

A 1967 graduate of Taylor Center High School. Miss Smothers is currently employed in the circulation department of the Detroit Free Press.

Her fiance, son of Mr. and Mrs. Edwin S. Grimm of 17430 Middlebelt Road, Romulus, graduated from Huron High School in 1967 and from the Computer Science Institute of Dearborn in 1968. Having enlisted in the U.S. Navy, he is now serving aboard the destroyer, USS Mitscher, out of Norfolk, Virginia.

The couple plan a June 20 wedding.

MR. AND MRS. JOHN H. WRIGHT

Degree Of Honor Marks 24th Year

May 19 was another milestone in the history of Romulus Lodge, Degree of Honor, as it celebrated its 24th year and looked forward with confidence to celebrating the silver anniversary in 1971.

The L. & L. Hall was gaily decorated with baskets of cut flowers. The tables, set for 40, looked attractive with miniature candle holders and containers of pansies. A smorgasbord dinner was followed by cake and ice cream.

Mrs. Olive Caswell gave the address of welcome with Mrs. Kathleen Wingard of Lincoln Park responding. Flags were presented followed by the Pledge of Allegiance and invocation by state director, Mrs. Aleta Williamson of Highland Park. The opening ceremonies were conducted and national and state officers and other visitors introduced and welcomed.

Romulus Lodge was happy to have its president, Mrs. Marie Rehkop, preside over the meeting since she has been plagued by illness this past year.

The State Convention at the Pick Fort Shelby Hotel, June 6, 7, and 8, will have Mrs. Dorothy Crook representing Romulus.

The state director congratulated the lodge for its work and the glee club rendered two numbers. The meeting closed with the flags being retired.

Women Of The Moose

The installation of the new officers of the Women of the Moose, Belleville Chapter No. 1135, will be Saturday, June 6 at 7 P.M. at the Lodge home. The new officers are Elsie Parry, Senior Regent; June Sanders, Junior Graduate Regent, Elizabeth Shumbera, Junior Regent, Shirley Groves, Chaplain; Helen Jacobs, Recorder; and Mildred Tyrell, Treasurer.

After the installation there will be entertainment by the country and western band and food will be served later in the evening. Come out and meet the new officers and enjoy a real fun night.

There will be a fellowship breakfast at the Moose home at 10:30 A.M. Sunday, June 7 and all Friendship members are invited to attend. Bring hubby along, too.

Our Friendship Chapter meeting will be June 8 at 8 P.M. The new Friendship members will receive their Friendship rings at this meeting and we would like to have everyone out to welcome them into the Academy of Friendship. Those receiving the degree are Elizabeth Shumbera, Jeanette Domen, Delores Purcyznski, Phyllis Harden, Myrtle Carver and Margaret Keller.

Our Junior Graduate Regent, Martha Morton, participated in a Green Cap enrollment ceremony at the Lansing Chapter May 21. Her husband, Charles, and daughter, Jeanette, along with Elsie Parry accompanied her to Lansing. The ladies acted as her escorts for the Chaplain's station which she filled and Mr. Morton attended a Legion meeting which was being held at the same time.

MISS LOCKWOOD

Lockwoods Announce Betrothal

Mr. and Mrs. Russell C. Lockwood of 17546 Sumpter Road, Belleville, announce the engagement of their daughter, Rose Marie, to Harry A. Woods of Ypsilanti.

Miss Lockwood, who is currently attending Eastern Michigan University, graduated from Belleville High School in 1969.

Her fiance, son of Harry L. Woods of Acme, Pennsylvania, is employed at the General Motors Proving Grounds in Milford.

The couple plan an August 1 wedding at the Grace Baptist Church of Belleville.

Sherrie Riggle Marries

East Coast Honeymoon Follows Holiday Vows

A week-long honeymoon on the East Coast followed the Memorial Day wedding of Sherri Lynn Riggle of 813 E. Kingsley, Ann Arbor, and Martin E. Gustafson of 731 Peninsula Court, Ann Arbor.

St. Paul's Lutheran Church, New Boston, was reserved for the five o'clock ceremony presided over by the Rev. Daniel Richert.

The double ring rite united the daughter of Mr. and Mrs. Paul Howard of Detroit, and the son of Mr. and Mrs. R. J. Gustafson of Ann Arbor.

WALKING UP the aisle with her father, Sherrie appeared in a satin gown styled in toe-touching length, the princess creation being enhanced with Alencon lace. The fitted bodice with wristpoint sleeves, was covered with a cape-collar effect to which a chapel train was attached.

A matching satin pillbox secured her lace-edged mantilla and she carried a bridal arrangement of white chrysanthemums.

As her sister's honor attendant, Mrs. Sandee Scalici of Lincoln Park donned orchid chiffon over taffeta. Wearing identical formal gowns in pink, yellow, and blue were Karen Kline of Romulus and Kaye Wallace of Belleville, the bride's roommates; and Sally Gustafson, the bridegroom's sister.

Jim Eschelbach of Ann Arbor was asked to be best man. The corps of ushers included Tom Horning and Jim Blok of Ypsilanti and John Gustafson, the bridegroom's brother from Ann Arbor.

A yellow lace gown with harmonizing accessories was the choice of the bride's mother while Mrs. Gustafson selected a pink ensemble. Both added carnation corsages to their outfits.

Some 350 friends and relatives gathered at the Romulus Progressive Club for the reception which followed.

On returning from their wedding trip, the young couple will be at home at 813 Kingsley, Ann Arbor.

The new Mrs. Gustafson attended Romulus High School and Eastern Michigan University and is currently employed at Montgomery Ward's, Arborland. Her husband attended Ann Arbor High School and Washtenaw Community College and is now with Gustafson-Whitmer Advertising.

Good Grooming Aid To Teen Good Looks

A good grooming routine established early in life can become a life-long habit.

Most people start their soap and water routine in infancy — perhaps even in their first hours of life. It is wise to start teaching fundamental hygiene and grooming during the preschool years. By making bathtime a pleasant daily occurrence and stressing the proper methods of handwashing and brushing teeth, impressionable youngsters quickly grasp the basics of good grooming.

Therefore, when they reach adolescence, when grooming and hygiene are so vital to overall appearance and attitudes, good grooming habits will be formulated. Adolescence is a period of great emotional and physical changes. It's these changes that can cause great excessive perspiration. That's why what soap is used by a teenager is as important as the actual grooming.

Using a deodorant soap such as Dial does more than just clean. It also helps eliminate odor-causing bacteria and inhibits the growth of infectious germs on the skin.

To motivate and help your adolescent to good grooming, here are the "Minutes of Good Grooming," a daily and weekly checklist of steps to good grooming and good looks for today's active teen.

DAILY

Shower or Bath
Face washing twice a day at least; three is better
Brushing teeth twice a day minimum; after each meal and at bedtime best
Brushing Hair
Exercise optional, but a few minutes in the morning makes getting up much easier
Deodorant or anti-perspirant application

WEEKLY

Shampooing (more often if desired)
Nail care
Pedicure

For grooming hints for today's modern teen, the makers of Dial soap have prepared a special booklet on adolsecent grooming. It's free by writing to Good Looks/Here and Now, Armour-Dial, Inc., 14th floor, 221 N. LaSalle St., Chicago, Ill. 60601.

A Bit Of Planning And You Won't Say:

'Our Vacation Last Year? It Was Wonderful, BUT..'

"We lost half a day getting started. We'd bought all these new clothes and couldn't bear to leave any at home. The kids couldn't make decisions either — we practically filled the back seat with their toys and games."

Sound familiar? Or perhaps you can tell something like this . . .

"We took lots of maps, but I don't know how many times we turned off the interstate to avoid unfinished construction. Later we'd discover we could have gone straight through. — And El Paso, Texas. I'll never forget El Paso. We made such beautiful circles searching for an exit."

Or this . . .

"Then there was the night just outside Colorado Springs. We'd decided to choose a place to stay when we got there. Hours later we were still looking for another unfilled motel."

Annoyances that cost you time and patience on a trip just don't have to happen. In fact, it's far easier to prevent them than put up with them. How?

Limit your load. Auto travel does let you spread out and take more luggage than you would otherwise, but there is a point of diminishing returns. To avoid clothes you'll never have time to wear, concentrate on mix-and-match combinations, reversibles, and attractive accessories. With well-chosen accessories, one outfit can serve half a dozen different purposes. There are space-saving tricks in packing, too: rolling flexibles like swim suits and lingerie to fill the "holes" in your suitcases, for example, and putting socks inside shoes.

In loading your car trunk, heavy suitcases go on the bottom, lighter-weight ones and overnight luggage next, and garment bags on top. If you need to take more than a trunkful, consider a cartop carrier or a one- or two-wheeler trailer. Trailers can be rented quite reasonably.

Get a good trip plan. — And order it well in advance of your vacation. Most oil companies have free trip-routing services. They'll give you the up-to-date maps you need — and only the ones you need — marked with the fastest route to your destination. If you prefer and have requested it, the American Oil Company will route you the scenic way, with points of special interest circled. They'll also give you current information on detours and highway construction and recommendations for special accommodations (Perhaps you want all American-plan motels, or kennels for a pet you're taking with you.)

Know your sources en route. For real convenience you can get quick directions while you're having the car serviced. "As You Travel, Ask Us" stations have special travel-information stands with detailed area maps plus all the facts on local events, attractions, and good places to eat and to stay. They also display up-to-date road bulletins and listings of nearby trailer parks, marinas, churches, camp sites, recreation areas, and emergency services. Resort and other popular areas usually have tourist booths or tourist centers set up during the peak travel season. There, too, you'll find a complete history and description of the locale and specific ideas on what to see and do.

Make advance reservations. It's always a good idea, particularly during the summer and in areas that are year-round tourist attractions. Often you save extra charges. Most hotel and motel chains have free reservation service. When you check in, you simply have the desk clerk call or wire ahead for your next night's accommodations.

Loosen up your schedule. An overly ambitious one can ruin a vacation trip. Three hours driving time for every 100 miles down the road is a good basic formula, and, for most families, 350 miles is a generous distance to cover in one day. This allows plenty of time for meals, auto servicing. and rest stops. In your final planning, leave at least a day or two completely free, to make your trip a real vacation — the opportunity to see and do what you want when you want and to follow a few whims wherever they lead.

Huron Valley 4-H Busy At Local Fair

NEW BOSTON — The annual Country Fair at Greenfield Village on May 21, 22 and 23rd had the following participants from the Huron Valley 4-H Club: Rita Crandall, Janet Alderman, Jeanine Wojcik, Wayne Alderman and Craig Smith.

There were daily parades with bands, horses, covered wagons, cows, goats and dogs. Huron Valley 4-H members participated in these as well as in daily demonstrations of their 4-H projects.

Rita Crandall rode her registered quarter horse "Tote Bag" in horsemanship demonstrations for three days. On Saturday in the horsemanship competition of 4-H clubs, she placed fourth in the western pleasure and horsemanship show class.

Janet Alderman and her Tennessee Walking horse, "Arkansas Traveler" placed third in the English Pleasure and Equitation class. In the dog obedience competition, Graduate Novice Class, Janet and "Ringo:: received a trophy and blue ribbon.

Jeanine Wojcik modeled a school dress in the Junior Miss division dress revue.

Wayne Alderman, his cocker spaniel dog "Princess" took part in the daily parade and the graduate novice class for dogs.

Riding hunt seat, Craig Smith and "Little Butch" were especially popular with the children and special horse demonstration events.

Craig placed fourth in the English Pleasure and Equitation class.

They were all specially chosen to participate at this annual festive country fair.

Mrs. Robert Campbell, horse leader, was a narrater for two special horse demonstrations.

All Around The Town ...with Lee

It's Shower Time

WITH JUNE upon us already, it won't be long before those many brides-to-be who selected this month for their weddings will be walking up white-carpeted aisles.

Among those who'll exchange nuptial vows during this traditional wedding month are Mary Ann Sietz and Bill Emerson whose invitations to their June 26 ceremony went out this week.

Just recently Mary Ann was honored at a bridal shower tagged 'linen' by hostess Mrs. Bernard Bird of Hannan Road. The aunt of the prospective bridegroom, she greeted some 30 relatives who arrived from Flat Rock, Wayne, Saline, and Belleville for the one o'clock luncheon.

Lilies of the valley and candles in the pink and green colors of the wedding centered the table as the hostess' daughters-in-law, Mrs. Ronald Bird and Mrs. Terrell Bird, assisted with serving.

When it came time for Mary Ann to open the many colorful items for her linen closet, she had Laura Bird to help with the ribbons and wrappings.

St. Anthony's Church has been reserved for the young couple's six o'clock marriage.

June For Janna

PLANS FOR a garden wedding at the lakeside home of her parents are being completed by Janna Wolters who has chosen June 13 for her marriage to Rick Cresswell.

Last Friday evening close friends and neighbors, Marge Roberts and Vicki Barnett, entertained in Janna's honor and presented her with a corsage of daisies.

Yellow and white predominated at the dessert table which was appointed with a daisy centerpiece and tall yellow tapers. Then in the living room there was a pretty parasol decorated with yellow flowers over the gift table.

Prize winners for the stocking contest were Corinne Squelch and Wendy Squelch. Others joining in the festivities were Ann Street and Mrs. Pearl Elliott (Janna's grandmother) both from Ypsilanti; Eva Panzer, Mary Wolters, and Connie Squelch.

Fred's Eleven

FRED GORNEY was the guest of honor last Saturday evening as his parents, the Art Gorneys, hosted a weiner roast in celebration of his 11th birthday. On hand for the outdoor party at the Gorney's Fenster Street home were Ed and Jean Wenderzski and family from Detroit; Jim and Patti McClosky of Romulus; and the Carl McCloskys of Belleville.

Memorial Week-end

TAKING ADVANTAGE of the long week-end, the Roger Allyns motored to Van Wert, Ohio to visit former classmates, June and Barry Fales. During their stay, a cook-out in their honor was held at the Fales' with six other couples attending ... ALSO ON the road last Thursday were the Harold Hanson family who traveled northward to Cadillac where they were week-end houseguests of her parents, Mr. and Mrs. George LeBlanc. While away they observed the ninth birthday of their son, Ricky, with several of Mrs. Hansen's relatives who came to call.

Summer Recreational Program Director Named

LEE ELLEN PHILLIPS

BELLEVILLE — Miss Lee Ellen Phillips, physical education instructor for Belleville High and Junior High Schools has been appointed director of summer program for Van Buren Township, Edward C. Stoelton, supervisor, announced.

Miss Phillip's employment was approved by the township board at its May 26 meeting.

The summer recreation program, the beginning of a "very good recreation program", started June 1 and will conclude on Aug. 15.

At an earlier meeting of the Van Buren Recreation Commission held on May 18, Miss Phillips presented her program for recreation for the youth of the area calling for a nine-week period and during the hours of 10 a.m. to 5 p.m.

The program included arts and crafts in the morning and sports and games, etc., in the afternoon.

Locations to be used are the Quirk Elementary School and the Junior High School. The program is primarily set up for children in the six to 14 year age group.

The recreation commission after lengthy discussion of this program and others recommended to the township board that her's be accepted and that Miss Phillips be hired.

The program also includes the use of gyms and multipurpose rooms for rainey day activities and a room for arts and crafts in both schools.

Some of the recreational activities are: bead work, plaster molds, pyro, feathers, weaving, popcicle sticks, natural objects, yarn, etc.

Games include, chess, checkers, dominos, strategy, cards. Sports are softball, kickball, volleyball, 4-square, touch football, tether ball, and etc.

Special events such as pet shows, arts and crafts show, family night, cook-outs at sites, hikes, swimming and Junior Olympic are also in the program.

The sum of $1,800 has been appropriated by the township board for operation of the summer program.

Miss Phillips holds a Bachelor of Science degree in Health,, Physical Education and Recreation from Colorado State University, a Master degree is to be awarded this summer from Michigan State University.

She has had four years teaching experience in Physical Education in Junior and Senior High School. She has had two summers as a recreational director for the Denver Public Schools and four summers as a unit leader, waterfront director or canoe trip leader for various Girl Scouts and church camps.

Mahalak Seeks Re-Election

ROMULUS — State Representative Edward E. Mahalak, who is now serving his sixteenth year in public service, announced this week he will seek re-election to a fourth term as State Representative from the 38th district.

EDWARD E. MAHALAK

Commenting on his candidacy, Mahalak cited his record during the 73rd, 74th and 75th Legislatures as a representative from the 38th District. He represents part of Wayne County and over half of Monroe County.

In his statement announcing his candidacy, Mahalak said he would bring to the people of the 38th District his record of supporting legislation of interest and benefit to his legislative district.

Mahalak added that he hopes to continue the faith of the people in the Michigan legislative process by urging the election of legislators dedicated in good government and the needs of their constituents in making good laws, not extra dollars.

Mahalak served as a member of the Legislature during the 1965-70 years and was one of the leaders in the many constructive measures adopted during these sessions.

During his terms in office he has served twice as Chairman of the Military and Veterans' Affairs Committee, 1965-66; 1969-70, and was Vice-Chairman during the 1967-68 session.

He also served on the following committees: Judiciary, Drainage, State Capitol and Public Buildings, State Prisons, Public Safety, Public Utilities, Consumers and Agriculture, Roads and Bridges. He also served on a special committee: Refurbishing the House Floor.

He points with pride as prime sponsor of many enacted bills into law and as a legislator he was directly instrumental in securing the adoption of legislation benefiting the citizens of his district and the State of Michigan.

Mahalak indicated he has sponsored and co-sponsored well over 400 bills during the six years that he has served. A great many of these have become enacted into law.

Mahalak further indicated that he believes that he has been responsive and has worked towards the enactment of legislation affecting his district.

He was born and raised in Wayne County. Mahalak and his lovely wife live at 10154 Miriam St. Romulus with their two children Gregory and Denise.

He served in the Air Force in Europe during World War II. He started his political service as a Justice of the Peace in Romulus Township being elected in 1954 and served ten years.

He is a member of St. Aloysius Church, Romulus; Ushers Club, Veterans of Foreign Wars, Post 9568; D.A.D.'s Club 209; Polish Legion of American Veterans Post 7, Romulus Kiwanis Club.

BOSS IS HONORED
Miss Doreen Binder

Bulletin Ready

Parliamentary procedure for properly conducting meetings is outlined in detail in a publication available from the Michigan State University Cooperative Extension Service.

"The Meeting Will Come to Order," Extension Bulletin 294, is available at 10 cents a copy from the MSU Bulletin Office, P.O. Box 231, East Lansing, Mich. 48823.

Teachers Honor 'The Boss'

BELLEVILLE — The teachers at Quirk Elementary School motored to Weber's last Friday evening to enjoy a fine meal and evening in honor of our boss, Miss Doreen Binder.

Miss Binder has been principal at Quirk School since the school opened in 1955.

"We are proud to be a part of our fine teaching staff and most proud of our principal.

"This is a special event that we have honored Miss Binder for her fine guidance, leadership and responsibility she portrays to her staff and to all the students at Quirk Road Elementary School," was the tribute paid to the popular principal.

Pack 830 Prepares For Pinewood Derby

ROMULUS — Cub Scout Pack 830 met last week in an atmosphere of excitement and anticipation, for it was the night of the "Pinewood Derby Try Outs." Every contestant was sizing up the competition and deciding whether a few ounces of lead over the front axle would exceed the weight limit. All that was learned will be proved next meeting when the derby finals will be run and a winner named.

The opening ceremony was performed by all dens, beginning with a pledge concerning conservation and ending with the boys shaking hands throughout the audience while singing the Cub Scout Greeting Song.

Jack Rarick, Cubmaster, awarded David Long his Wolf Badge, a Gold Arrow and a Silver Arrow. Jon McEachern received his attendance bar and two Silver Arrows. Tony Suessine earned two Silver Arrows.

Den One displayed their Mother Nature Calendars and home grown plants in hand-crafted planters. Den Five told of a trip to the Air National Guard Headquarters and showed some craft projects.

It was announced that Pack nights would be held throughout the summer months but that Den meetings and activities would continue at the discreation of the individual Den Mother.

A special award should have been made to Mrs. Carole Rarick for service beyond the call of duty. She and her mothers came through with refreshments at the last minute when it was discovered that the "Goody Box" was locked tight and no-one had a key.

At Belleville High

Baccalaureate Service Is June 7

BELLEVILLE — A Baccalaureate Service for the Belleville High School Class of 1970 is scheduled for Sunday June 7, 8 p.m. at the community auditorium.

Special music will be provided by the high school chorus under the direction of Mr. Keith Drayton.

The speaker for the service will be the Rev. Edmund Borycz, associate pastor and minister of youth at St. Peter and Paul Parish, Detroit.

The Class of 1970 will be the first class to use the new air conditioned auditorium for a Baccalaureate Service.

Fellow students, faculty, friends and relatives will be welcome at the service.

Homeowners Set New Meeting Date

ROMULUS — The Romulus Homeowners Association asks that the members note the change of date for the Annual Meeting and Election of Officers.

It was brought to the attention of the Association that June 11 is Graduation Night, and would prevent many members from attending the Association's Meeting and Election. The new date is: THURSDAY, JUNE 18 at 7:30 P.M. at Romulus Junior High School Gymnasium, located at 11401 Olive St.

Remember to change your calendar! Another reminder, you must have a valid membership card in order to receive a ballot to vote.

Governor Appoints Rice To Committee

REV. ALLEN B. RICE

BELLEVILLE — Governor Milliken has named a citizen committee on the problem of the drinking driver.

Rev. Allen B. Rice, II, local resident and present Associate Director of the Michigan Council on Alcohol Problems, with headquarters in Lansing, has been named to that committee.

Rev. Rice is former pastor of the First United Methodist Church of Belleville and currently on the board of directors of the Belvil Community Hospital.

The TASK FORCE ON THE DRINKING DRIVER PROBLEM has a number of concerned citizens, industry and governmental agencies represented on it.

The work of the Task Force will be to coordinate efforts and produce ideas to reduce the toll of deaths from the heavy drinking driver and pedestrian.

Rev. Rice, who along with the Director of MICAP, serves as a full-time legislative agent (lobbyist) for the interests of 35 denominations in areas of alcohol, drug abuse and gambling.

This coordinated and inter-faith effort seeks ways to get local churches involved in helping to meet problems in these areas.

Rev. Rice not only works for legislation at the Capitol but he also speaks at church conferences and conventions and at gatherings of church leaders to give leadership in tackling these particular social problems. He also represents Belvil Hospital in Lansing.

A proposal gaining favor among legislators and traffic safety people is OPERATION ESCORT.

Rev. Rice is advancing the idea that among [illegible] groups volunteers [illegible] organized to take intoxicated persons home and thus possibly save the life of that person and other possible innocent victims.

Candidates In School Elections List Backgrounds

BELLEVILLE — Four candidates are squaring off in the race for the two four-year terms on the Van Buren Board of Education.

Incumbents Charles W. Bole and Thomas Hopka are challenged by Clinton Melvin and James Sayre. Voters will select two from this group of four men.

Election Coverage

In order to help area residents select their school board candidates, this newspaper sent questionnaires to all school board candidates in the Van Buren, Huron and Romulus School Districts.

In addition to providing their biographies, the candidates responded to the following questions:

1. Why Did You Decide To Seek Office?

2. Why Do You Feel You Are Qualified To Fill The Position You Seek?

All responses to the two questions are printed verbatim, so the residents can see the candidates' complete comments.

CHARLES BOLE

Charles W. Bole of 15545 Martinsville, Belleville, is seeking his third term on the Van Buren Board of Education. He was elected first in 1962 and re-elected in 1966.

Bole, 51, has resided in the community for 20 years. He was educated at Flint High School, at the General Motors Institute and at Henry Ford Community College.

Bole is employed in a management capacity at the Auto-Lite general office.

He has been active in scouting, and is a member of the Society of Automotive Engineers. Bole has also served as president of the Elwell PTO.

As a member of the Board of Education, he has been the chairman of the building committee and has served as chief negotiator for the School District in contract talks with District employees.

He has been the Board President for the past three years. Prior to that, he was the vice-president.

An Army veteran, Bole and his wife Margaret have three children, Robert 26, John 20, and Margaret Ann, 17.

1. "I am seeking re-election because I want to see expansion of the District's vocational facilities. I am interested in following up the citizens study committee's goals. I want to continue to seek property tax relief and seek a revised method of financing schools.

2. "The whole educational process is in a state of revision. I believe my eight years of experience can be a great advantage to our school system and to education in general in this time of financial difficulties and curriculum changes.

"I will continue to work to keep our school system at a high level, and to keep it among the best in the state."

THOMAS HOPKA

Thomas Hopka of 43866 Ecorse Rd., Belleville, is completing his first four-year term on the Van Buren Board of Education. Having served as Board Treasurer, he is the Board Secretary for the 1969-70 school year.

Hopka, 47, has resided in the community for 30 years. A graduate of Roosevelt High School, he attended Eastern Michigan University. He is now the Plant manager at the Jim Robbins Seat Belt Co. in Ypsilanti.

Prior to serving on the School Board, Hopka ran for Van Buren Township Trustee in 1960 and 1964. He was a member of the Township Fire Commission and of the Township Planning Commission.

Long active in the Kiwanis organization, he served as president in 1960. Other activities include work with the Boy Scouts, and membership in the Society of Mechanical Engineers.

Hopka and his wife, Betty have one daughter, Mrs. Toni Lynn Schwartz.

1. "Approximately the first two years of a term are spent learning the operation of the school system. The balance of the term is not a good test for any successful candidate.

"I would like to continue an additional four years to see the educational reforms proposed and the programs started in our system during the past four years to conclusion."

2. "I am vitally interested in our community's children. Having spent the last four years in this capacity, I feel I am well qualified."

CLINTON MELVIN

Clinton A. Melvin of 12912 Lake Pointe Pass, Belleville has resided in the community for nearly 24 years. Melvin, 50, is a graduate of Fowlerville High School and of Cleary College in Ypsilanti.

He is presently employed as the Director of Maintenance and Custodial Personnel for the Willow Run Public School System.

Melvin served as Van Buren Township Highway Commissioner, and was in 1952 a candidate for Township Supervisor. Melvin served in the Navy between 1942-45.

Melvin and his wife Marjorie have three children: Diane, Linda and Mark.

1. "I feel that the school tax dollar can accomplish much more for the large majority of the youth in our school district," Melvin stated.

2. "I have 15 years of accounting background at General Motors, in the U.S. Navy and at Kaiser Motors. I have ten years experience as a licensed residential builder, three years as a carpenter foreman and construction superintendent in the building trades, and two years as Director of Maintenance and Custodial Service for the Willow Run School District.

"I think it is time the school district made an honest effort to greatly improve and expand Vocational Education which would benefit a large majority of the student enrollment."

JAMES SAYRE

James Sayre of 6585 Morton Taylor Rd., Belleville, is a native of Van Buren Township, Sayre, 41, is a graduate of Belleville High School. In addition to attending Michigan State University, Sayre was the recipient of the Kellogg Foundation Fellowship Grant.

Self-employed, Sayre is a produce farmer, and the owner and operator of the Red Barn Market.

A former candidate for Township Trustee, Sayre has served on the Van Buren Township Planning Commission, and is presently a member of the Township Water Commission.

A member of the Belleville Rotary Club, Sayre is past president of the Wayne County Farm Bureau, and now serves as a director on the Michigan Farm Bureau. A past president of the Belleville Jaycees, Sayre has been awarded a life-time membership in the group.

Sayre and his wife Joan are the parents of five sons: Jeffrey, Thomas, Robert, Ronald and Jimmy.

1. "With five sons attending local schools, and with my business established here, I am a taxpayer interested in getting full value from our tax dollar for all students." Sayre stated.

2. "My concern and interests are here. This community has been supportive and good to my family and our business. I like to see people assume responsibility in their community. I'd like to direct my ability and efforts in any helpful way I can to our schools.

"Our school community is made up of several areas; these are administrators, teachers, students, parents, taxpayers, service people, the business community and civic leaders. Each has their responsibilities, needs, wants, demands, likes and dislikes, these are constantly changing.

I emphasize here our responsibilities. Too often there is a tendency to single these needs and wants into one, and it comes out as needs.

"I feel that the purpose, aim and objective of the school board is to harness these general areas that support our school together in a workable program.

"I am for us all communicating and compromising towards that which will make a better school community. In this way, we all benefit from an effective school system."

Three Van Buren residents seeking to fill the one-year vacancy remaining on the term of Gerald Williams, the Van Buren trustee who left the District this year are:

Robert K. Archer, has held the position since Williams resigned. Also seeking the seat is Mrs. John Sprout and Chester Wojie.

Voters will elect one from this group of three.

ROBERT ARCHER

Robert K. Archer of 45250 Harmony Lane, Belleville, has resided in the community for almost ten years. A Croswell High School graduate, he is also a graduate of Eastern Michigan University, the University of Michigan and of the Detroit College of Law.

Archer is now an attorney with the firm of Archer, Kenney and Wilson, with offices located in Dearborn.

Archer was appointed to the Van Buren School Board earlier this year to fill a vacancy on the Board. Prior to that appointment, he served as a member of the Citizens Study Committee for the School District.

Professionally, he has served as President, vice-president, secretary and treasurer of the Dearborn Bar Association. He also belongs to the Michigan and National Bar Association.

Archer was a pilot and navigator in the Army Air Force between 1942 and 1945.

Archer and his wife Elizabeth, have two children Jeffrey, 20 and Lisa, 15.

1. "Education is facing some of the most difficult and challenging problems of recent decades and the decision we reach on these troublesome issues will in large measure determine the course of our democratic society. I admire and applaud those dedicated persons who are striving to attain the answers to these issues and feel that each of us should do our part in some way."

2. "My background and experience are strongly oriented to education. My degree from Eastern Michigan University is a BA with a secondary teaching certificate in education. I taught in Michigan public schools, secondary level, for 9½ years and have served on enumerable committees and boards relative to educational problems. My wife also has a BA with elementary teaching certification, and she taught for six years in Michigan.

"The issues facing the Van Buren School District are as varied and plentiful as those facing other school districts in Michigan. Time and space does not allow any detailed specifics as to the issues nor will I presume that I have all the answers for these complicated and inter-related problems. Suffice it to say that I pledge myself to work closely with the other board members, the administration, teachers, parents, students and other interested citizens to reach the best solution to each problem area. The great challenge is to get the maximum benefit for our young people for our tax dollars, particularly when present inflationary trends are so drastically cutting purchase power. We must retain and reward our excellent personnel, expand our facilities, and keep pace with the ever-widening need of curriculum expansion for our children, but all of this must be done within reasonable tax limits."

DOROTHY SPROUT

Mrs. John (Dorothy) Sprout of 1006 Zepher, Ypsilanti, has resided in the community for the past 11 years. In addition to caring for her family, she is a substitute teacher in the Van Buren School System.

A graduate of Pinckney High School, she studied at Michigan State, at the University of Michigan, and at Western Michigan University. She holds both bachelor's and master's degrees in education.

Mrs. Sprout has been active in the PTA, in the Order of Eastern Star, and in the scouting program with the Boy Scouts, Cub Scouts and the Girl Scouts.

Mrs. Sprout is the mother of two sons, Ricky, 12 and Greg, 8.

"I feel the people of the West Willow and Rawsonville area need representation on the board. We need our opinions voiced," Mrs. Sprout stated.

2. "I am interested in a good school system. I am willing to work hard and to do my best to make our school system one of the best. My past teaching experience (seven years) in other schools and my substituting presently gives me a little background."

CHESTER WOJIE

Chester Wojie of 48442 Hull Rd., Belleville, has lived in the community for the past 19 years. Wojie is a 1947 graduate of Romulus High School.

Wojie, 41, is presently employed in quality control at the Ford Motor Company's Rawsonville plant.

He has served as the co-chairman of the Building and Facilities Committee of the Van Buren Citizens Advisory Committee. He is the president of the Elwell Parent-Teacher Organization.

He is the president of the Van Buren-Belleville Junior Baseball Association. At the Zion Missionary Church, Wojie serves as the auditor, plus as assistant Sunday School superintendent.

Wojie is a Marine Corps veteran, having served in 1945 and 1946.

He and his wife Gladys are the parents of three children: Chester Jr., Dale and Pamela.

1. "I decided to seek this office to give the board a little more balance. Being born of a large and poor family, and having to earn everything I have, I believe my experience and hardships give me a better understanding of the problems our youngsters are now going through.

"I am just an ordinary guy, and I believe my opinions and beliefs will represent the majority of our community."

2. "I have been very active in civic affairs for the past few years, and I have met many people. I feel that to be an effective board you must be able to get along, and also give the children and the community the best possible education we can afford.

"I have always felt there was a division between local governments and school administrators. I hope to help to bring together everyone regardless of political belief and make this a better and more economical school system, and a better place to live in."

Meeting Date Switched

BELLEVILLE The Van Buren School Board will meet next Tuesday, at 8 p.m. in the Administration Building. The meeting, originally scheduled for Monday, was switched since Monday is the date of the annual school election.

Mahalak Seeks Committee To Study Vietnam Conflict

ROMULUS — State Representative Edward E. Mahalak (D) Romulus has asked that the House of Representatives Committee on Military and Veterans Affairs be named a special interim committee to study the effects of the Vietnamese conflict on Michigan citizens. Mahalak is chairman of the committee.

A House resolution submitted by Mahalak would authorize the committee to confer with the President of the United States and Pentagon officials and, if necessary, be the first Michigan legislative committee to travel to Vietnam.

The committee would function in the interim between the 1970-71 sessions of the Legislature. It would report its findings and recommendations to the House of Representatives.

"The committee would like to know how Michigan men fare in the armed services, particularly in Vietnam," Mahalak said. "We have received complaints of the Army becoming a dumping ground for the poor blacks and the poor whites, the less intelligent and the unskilled. We have heard the Infantry referred to as the Army's garbage can."

"The committee is concerned by reports from returning veterans and from letters from Vietnam that the treatment of military units in the field is often discriminatory, that some are habitually assigned to hazardous and distasteful details, that some units are not permitted PX ration cards or passes into town, that certain units have to hack through the jungle, sleep in the rain and are forced to live with ugly ants eating at their faces, mosquitos biting exposed skin and leeches clinging to their bodies."

He said there is evidence that Michigan men often are assigned to such units. "The Vietnam conflict has been a part of the national life for more than a decade," Mahalak points out. "During these many years this conflict has severely affected the lives of millions of United States citizens, not only those young men serving in the armed forces, but their families at home as well.

"Many thousands of those whom the conflict has touched have been and are Michigan citizens, those whom this legislative body was elected to represent.

"In the light of current controversies about the conduct of the Vietnam conflict and our representative responsibilities, it is important that the Michigan Legislature be accurately and fully informed about conditions affecting Michigan servicemen serving on foreign soil. This interim committee would be able to furnish this information to the Legislature and to the citizens of Michigan."

Troop 739 Tours Metro

ROMULUS — The Cub and Boy Scouts of Troop 739 of Harrison School recently toured the facilities of the Detroit Metro National Guard, located at Metropolitan Airport.

Cub Scout Leader Richard Luh and Scout leader Bill Bohl led the boys on the three-hour tour.

On the tour, the boys listened to Sgt. Filinczuk as he explained the functions of the aerial camera equipment. They also watched as Lt. Frizel presented demonstrations with the flying equipment, on tree lowering and on Pilot Survival techniques.

To record the trip, National Guard member Lee Bassett took photos of all the sights the boys viewed.

24 Applicants Seek Post of Principal

BELLEVILLE — Twenty four members of the teaching profession have filed applications for position of principal of West Willow Elementary School. Dale E. Kaulitz, school superintendent, disclosed.

The applicants are from the Van Buren Public School System and from other school districts in Michigan.

Kaulitz reported that interviews are being conducted and final selection will be up to the school board.

Placement bureaus from area universities including University of Michigan, Michigan State University and Wayne State University were contacted.

Gary Kniffen, who resides at 1742 Collegewood Dr., Ypsilanti, recently requested re-assignment to classroom teaching.

He cited personal reasons for making the request for re-assignment.

Kaulitz stated that Kniffen's new teaching assignment will be made at the start of the upcoming school year.

Morris Displays Horse

ROMULUS — James Morris, 16, of the Romulus Western Riders was among Wayne County 4-H Horse Project members who stayed at Greenfield Village during the Annual Country Fair recently.

Jim and his registered quarter horse "Jenny Todd" participated in daily parades around the grounds for the thousands of spectators and school cnildren who attended the annual affiar.

They also gave horse demonstrations and competed in a Horse Show put on by the 4-H horse club members Saturday afternoon.

James is the youngest son of Mr. and Mrs. Carl Morris, of Huron River Drive South and treasurer and Junior Leader of the Romulus Western Riders 4-H Club.

The devotion to service . . .

that is felt by every member of our staff reflects itself in our careful, unfailing attention to details and consideration for the sorrow of those who have been bereaved.

Jaycee Auxiliary Aids Four Schools

NEW BOSTON — The Huron Township Jaycee Auxiliary made gift presentations to the local Elementary schools during March. This was done with the profit acquired from the Auxiliary's Christmas Bazaar in December held at the Hannan Road School.

The auxiliary requested a list of suggested items from each principal of the elementary schools and decided since each had among their list sports equipment the gifts were items along this line.

Auxiliary members, Mrs. Toni Nagy and Mrs. June Nagy delivered to the schools the following items:

St. John's Lutheran School, a tether ball outfit and check for the purpose of a bag of cement to install it.

Riverside Elementary School, Three softball bats, three softballs, and six bottles of Elmers Glue.

St. Stephens School, Two volleyballs and two kickballs.

Hannan Road School — A boxing outfit, volleyball net and baseball mit.

At the New Boston Elementary School, Frank Brown, principal, said he could think of needed items their school could use, but he felt Hannan Road school being new, probably needed much more, and, therefore, would turn over their allotted sum to Hannan Road School. The Auxiliary felt this to be a fine offer on Brown's part, John Morales, principal, and the Hannan Road children did too.

"We, as a group, thoroughly enjoyed this project from making items for the Bazaar to giving the school donations and hope to be able to do this project again next year," Mrs. June Nagy stated.

FASHION DISPLAY — Members of Cadet Troop 496 display some of the fashion styles at the area Scoutarma held at the 4-H Fairgrounds last Saturday. Left to right are Miss Mary Rabideau, 15, of 39997 Expressway; and Miss Lorel Wolfe, 15, of 41910 Savage Rd.

Outdoor Group Prepares For Carp Shoot Festival

BELLEVILLE — The Huron Valley Conservation Association Third Annual Carp Festival preprarations are fully underway.

The membership is meeting on June 6 and 7 at 10 a.m., to get the grounds readied for the carp shoot on June 14.

Chairman Ed O'Brien states that this will be the best and biggest bow and arrow carp shoot that has been held in this area.

Registration will start at 8 a.m., and end at 1 p.m. Shooting hours are from 8 a.m. to 4 p.m. Weighing in will end at 4:15 p.m.

Entree fees are: men $2, women $1.50 and juniors $1. Cash prizes will be awarded for the biggest carp in each division.

Fishing license will be required for those who need them. For more information call chairman Ed at area code 313-697-9408.

A little information on the carp, (cyprinus carpio), the old-world minnow was the first successfully introduced into this country by the United States Fish Commission in 1876 from Germany. Indigenous to Asia, carp were so abundant on the European continent that they were mentioned by Aristotle as early as 350 B.C.

Omnivorous in its feeding habits, the carp subsists on insect larvae, plankton, and aquatic plants. In its quest for food, the carp frequently uproots plants and muddies the waters giving itself a bad reputation among sportsman. Adult carp are 12-30 inches in length and average 10-15 pounds. A carp of 58 pounds has been reported from Lake Erie.

Belleville Lake is overstocked in carp and the Bow and Arrow Festival on June 14 is one way of ridding them at breeding time.

The main objection to the carp lies in its habits of uprooting aquatic vegetation and disruption of spawning areas of other fish and competition for food with more desirable species.

For those who do not use a bow and arrow and are interested in participating, efforts are being made to secure some extra bows and arrows. And for those who would like to have an enjoyable Sunday, there will be refreshments and food available at the festival. Also for family fun, horseshoes, volleyball, darts, etc.

There is no price on admission to the grounds and free parking will be available to all. For those who own boats, there is a boat launching site available also.

Car For Motorcyclists Test

LANSING — Michigan's estimated 400,000 motorcyclists. . . when qualifying for their motorcycle endorsements in the course of obtaining their first driver licenses or at normal renewal time. . . must also make sure they furnish a car with a licensed driver when they go to take their road test.

The car and driver will be used by the local license examiner in following the applicant over a prescribed route during his motorcycle driving test.

In the case of the person applying for his first driver license, he must also make sure that the cycle he is going to test on is brought to the exam station. He may not ride it there.

In the case of the renewing driver, he may drive his cycle to the exam station providing it is before or on the day of normal renewal. If he is late, he must also see to it that the cycle is brought to the test area.

Under Michigan's new motorcycle laws which took effect June 1, persons who have proven experience in riding a cycle may have the driving test waived if they meet certain criteria.

According to Secretary of State James M. Hare, the road test may be waived if an applicant can certify that he or she has actually operated a motorcycle on the public streets and highways for at least 1,000 miles during the last 12 months prior to application.

However, certification may not get the applicant out of taking a road test. His driving record is checked. If found unsatisfactory, he will be required to take a road test.

Baton And Cheerleading Clinic Is Set At EMU

YPSILANTI — The third Annual Baton Twirling and Cheerleading Clinic will again be held at Eastern Michigan University campus Aug. 10 through 14.

All phases of cheerleading, baton twirling, majorette work, pom pon drill work and drum majoring will be taught. A great variety of classes are held each hour and students may enroll in one division or combination.

The clinic provides an opportunity for those who are interested in these fields to study under a professionally trained teaching staff.

Registration is open to all ages for all levels from the beginner to the advanced. Students may commute or be campus students and stay in the dormitory.

Daily competition will be held in each division for those wishing to participate. Competition will be based on the new material which the students are learning at the clinic. Ribbons, medals, trophies, Golden Spirit Stick, Golden Baton & Scholarships will be awarded.

The clinic is conducted by Mary Evelyn Thurman, who is on the physical education teaching staff at Northeast Missouri College in the winter and is an internationally known clinic director, teacher and judge. She and staff hold similar clinics on campuses in 12 different during the summer.

For further information write to All Star Baton Twirling & Cheerleading Clinic, Box 45, Prospect Heights, Ill. 60070.

SLIM GYM
"SORRY - SOLD OUT"
Dear Customer who wishes to look better and feel better - we at Slim Gym are so sorry that we are running 2-3-4 weeks behind on delivery of your Slim Gym but wanted to take this method to congratulate you for your choice and your willingness to wait a little while to get the best.
We'd like to say we're sorry — but how can anyone say they are sorry because they are sold out?
How can any business say they're sorry because people prefer their product to any other?
How can any business say they are sorry that they're No. 1?
If you just can't wait for the best, then you'll just have to buy No. 2.
TRUE, it doesn't have the quality.
TRUE, they don't give the service.
TRUE it cost more money.
TRUE it isn't as effective.
But then some would rather take second best now than wait for the best.
GEE IT'S GREAT TO BE NO. 1!!! It makes life so full of fun.
For after all, what fun is it to be No. 1 if there is no No. 2.

VAN BUREN TOWNSHIP BOARD MINUTES

Special Meeting
April 21, 1970

The meeting was opened with the pledge of allegiance and was called to order at 8:00 p.m. by Supervisor Stoelton. Members present were Stoelton, Hink, Domcik, Birk, Hogan, Payne, Attorney Hopson and Engineer Levine and Sec. Stanis. Trustee Maton was absent. Also attending were 3 citizens.

Mr. Henry Chamberlein of Howell, requested this special meeting for the purpose of discussing his request for a sand removal permit at Bak and Hull Roads. A parcel of land containing 40 acres.

Township Engineer Levine reported that he has checked the topos submitted on this property and found them accurate. Mr. Levine asked Mr. Chamberlein what type of removal he would use. Mr. Chamberlein stated he would remove the top soil strip the land to grade then replace the top soil.

A comparison of grades with the lot and the surrounding property was made. It is observed that there would be a slight problem with a dip in the land causing a catchbasin. Mr. Chamberlein stated that we would grade it to stop this problem.

Mr. Chamberlein stated that they have many calls for sand from people in Van Buren Township. He will be using Hull and Sumpter Roads to service these calls.

He also informed the board that there is approximately 20 to 30 thousand yards and he is not sure as to length of time. He can only load 150 yards per hours, meaning approximately 15 tandem trucks per hour and approximately 7 trains per hour. This will mean quite a few trucks on the road causing a dust problem which Mr. Chamberlein said he would help to correct.

He has no idea of any future plans for use of this property, but he feels that leveling this residential area would help the community.

Motion Hogan, support Domcik, request be denied on the basis it is not in best interest of the people of the community. I say that it is a residential area unlike the others we talked about. It is not as convenient to roads for removals and I'm hopeful that one of these days whoever may be developing that they will take the whole area in consideration that surplus sand there is on higher parts can be used on lower marsh of that area. I feel that it will not contribute to improve that area. And that is the basis of my motion for denial of request.

A roll call vote was taken - all in favor of denying the petition. Motion carried unanimously.

Motion Birk, support Hink, to adjourn. Motion carried and the meeting adjourned at 8:40 p.m.

Campaign Sign Law Studied

ROMULUS — An Ordinance that would require the posting of a $50 bond to secure the removal of campaign literature 10 days after an election is under study by City Attorney John E. Young.

City council instructed the attorney to draft an ordinance requiring all persons who filed petitions for city offices deposited the $50 bond at its May 26 meeting.

City Councilman Ellis T. Pennington presented a resolution, (if legal) to provide for such bond posting.

Pennington stated that it is up to the candidates seeking office to keep the city clean. He added that he knew of campaign literature being in some areas of Romulus for a considerable amount of time.

Romulus at present lacks such an ordinance.

Councilman William M. Oakley who supported Pennington's motion, said that the resolution should specify public property.

Young when asked by Council if such a resolution could be adopted, stated that an ordinance would be required and passed by city council then publicized because it would involve the consfiscation of monies and such action involves all the people.

Young was ordered to draft the ordinance and report back to city council.

5 Kennel Licenses Renewed

BELLEVILLE — Kennel licenses for five persons, residing in Van Buren Township have been renewed by the township board. They are:

Thomas Mevill of 43219 Alva Dr.; Robert Hayward of 41366 Savage Rd.; Joseph McDonald 13256 Lake Pointe Pass; Elkins Kennels of 15803 Hoeft Rd.; and Andy M. Turner of 49436 Martz Rd.

Board Of Appeals

ROMULUS — A five member Zoning Board of Appeals has been approved by the Romulus City Council.

Appointments to the board as recommended by Mayor Hyle J. Carmichael were also approved by councilmen at their May 26 session.

Members of the city's first Zoning Board of Appeals are:

For three-year terms — Jack Barton of 9325 Ozga Rd.; and Gene E. Mulberry of 37815 Wick Rd. Mulberry is a member of the former township board.

For the one-year term — Stonewall Whitworth of 35872 Beverly Rd., was appointed.

The appointments were accepted and approved by city council on motion of Councilman William M. Oakley who was supported by Councilman Brooker R. Edwards.

Members of this board will receive $40 per month per member and $50 per month for the chairman.

For two-year terms — James D. Panek of 30718 Dorset; and Thomas R. Williams of 30664 Beverly Rd.

Mahalak Cites Reasons For Junket To Vietnam

LANSING — Rep. Edward E. Mahalak (D-Romulus) wants to take a nine-member House committee to Vietnam to check out reports of discrimination against Michigan men by the Army.

He said the trip would cost at least $15,000.

"I don't think that would be enough when you count everything," he said.

He said he was uncertain of the value of the trip, except to make Michigan aware of conditions among the GIs and, possibly try again with a bill to ban battlefield service for them.

Mahalak said he has received six direct complaints from Michigan men in Vietnam of conditions, particularly in the American Division, whose Charley Company triggered the Mai Lay incident.

"The committee would like to know how Michigan men fare in the armed forces," he said. "We have heard complaints that the army is a dumping ground for poor blacks and poor whites and the unskilled.

"The infantry has become the army's dumping ground and garbage can, the one unit put to work on dirty details" and denied many privileges accorded other troops.

"There is evidence that Michigan men are often assigned to such units," he told the House.

The report of the committee, he said, would be placed before the House and, if negative, would be used to support the bill which has already been passed by Massachusetts and five other states.

Mahalak said the committee should have a personal interview with President Nixon and a briefing by the Pentagon before starting for Viet Nam.

"I'd like to know what he plans in the way of bringing the troops back home and stuff like that," Mahalak said. "We should find out from the Pentagon how many Michigan men are involved and where they are."

Mahalak, 49, who served in England, France and Germany with the Air Force during World War II as an aircraft inspector. said many of his complaints from Vietnam concern training.

"I understand from them that the Army sends them into Vietnam without any real training or knowledge of the problems of the people, their traditions or anything else," he said.

"Many thousands of those whom the conflict has touched have been and are Michigan citizens, those whom this legislative body was elected to represent."

Mahalak's plan, if approved by the House, will have to clear House Speaker William A. Ryan, who has been given one-man control of spending for legislative trips.

Other members of Mahalak's military and veterans affairs committee are Reps. Michael Novak (D-Detroit), Stanley J. Davis (D-Grand Rapids), James E. O'Neill Jr. (D-Saginaw), Stephen Stopczynski (D-Detroit), Phillip O. Pittenger (R-Lansing), Michael A. Dively (R-Traverse City), Robert C. Stites (R-Manitou Beach), and Charles H. Varnum (R-Manistique).

CARL J. BRETT

Completes Training

ROMULUS — Private E-2 Carl J. Brett, 19, of U.S. Army, has completed basic training at Fort Knox, Ky.

Brett, who resides at 12124 Inkster Rd., was on home leave until May 31. He is stationed at AIT at Fort Polk, Louisiana.

He graduated from Romulus Senior High School in 1968.

Auxiliary Presents Film

BELLEVILLE — Have your children told you about their friend PATCH THE PONY?

This filmstrip record was shown to the children of the Van Buren Schools by the Belleville Jaycee Auxiliary.

Starting April 20 and running through May 11, the Auxiliary members went to each school in the district and presented the program.

Aimed at five to eight year olds, the program, which was purchased by the Auxiliary, is being donated to the materials center of the Van Buren Public Schools for their use at anytime and for the parochial school use also.

Under the chairmanship of Mrs. Janet Smith and the cooperation of Dale E. Kaulitz, school superintendent, and Robert Gray, Elementary Supervisor; the Auxiliary visited the Eight Elementary Schools in Van Buren School District and two outside the school district.

The children loved the film and many eagerly participated in the discussions which followed the film.

Moonbound

Approximately 8½ billion frankfurters are consumed by Americans every year. That's over 650,000 miles of frankfurters laid end to end or enough to make 2½ trips to the moon. In fact, the frankfurter has been on two mooon missions. It was a menu item for Apollo 12 and 13 crews.

Pettus, Righetti Rule All-Area

TRIPLE CROWN — Belleville's versatile junior track star, Garrade Pettus captured three All-Area track berths Friday night. The Tiger athlete leaped 20 feet, 9½ inches to place first in the long jump (above). He then cleared 6 feet, 1 inch in the high jump (center) and went on to claim the high hurdles in 15.5 for the triple crown. He is the first athlete ever to win three events in the All-Area Meet which is sponsored by the Associated Newspapers and the Wayne Jaycees.

Garrade Pettus, a 16-year-old Belleville High junior and Ernie Righetti, a 17-year-old Wayne Memorial High senior dominated this year's Associated Newspapers All-Area Track selections.

Pettus, one of the most versatile athletes ever produced at Belleville, claimed three individual events in Friday's All-Area Track Meet, while Righetti, aside from winning the sprints, also was a member of the winning 880-relay team.

The meet, co-sponsored by the Wayne Jaycees and the Associated Newspapers, is designed to select the best in the area and award them All-Area recognition.

Track fans at Wayne Memorial High watched as Pettus captured the long jump, the high jump and the high hurdles. Though he stopped at 6 feet, 1 inch, Garrade has cleared 6 feet, 8¼ inches in the high jump.

Pettus also long jumped 20 feet, 9½ inches to beat out his closest rival, Cherry Hill's Gary Kucharczyk who had carded a 20 feet, 4½ inches leap for the second best.

In the high hurdles, Pettus crossed the finish line in 15.5 for his triple crown.

Righetti, one of coach Bill Hawley's most reliable performers for the past three seasons, emerged with the All-Area titles in the 100 and 220 yard events with clockings of 10.4 and 22.7, respectively.

He went on to anchor the Wayne 880 relay team made up of Bob Mercado, Joe Keister and Jerry Tapp. The foursome had little competition from the field, taking the event and the trophies that went with the victory in 1:30.7.

The distance races shaped up into duels that ended in "photo finishes".

In the mile-run, Garden City's Lynn Kettlehut and Cherry Hill's Phil Siebold fought a battle to the wire which saw Kettlehut nosing out his rival by three tenths of a second.

Ketlehut was awarded first place with a 4:27.2 while the Spartan runner, Siebold, finished in 4:27.5. A step off the pace was Livonia Franklin's Jim Kosteva who carded a 4:28.3.

Belleville sophomore Jon Cross staged an upset over Garden City West's Don Andersen in the two-mile run. Exchanging leads throughout the entire event, Cross managed to pull away only at the wire.

Cross' winning time was 9:49.5, while Andersen was clocked at 9:49.8.

In the 880-run, however, Belleville's Mike Fant breezed to an easy victory. Fant, a senior who placed second in the state this season, pulled away from the mob and finished in 1:58.4, leaving his nearest rival, Cherry Hill's Doug Shelley, behind. Shelley was second in 2:01.6.

Mike Jinnett became the lone Livonia Franklin All-Area representative when he took the quarter-mile away from Wayne's Jerry Tapp. The Franklin junior produced a 50.7 seconds to Tapp's 50.9 for his narrow margin of victory.

John Glenn was represented in the winner's circles with shot-putter Garry

Spence's 3-Run HR Whips Romulus, 4-1

Twin Valley			
Team	W	L	T
Ecorse	5	3	0
Romulus	4	3	1
Willow Run	4	3	1
Rouge	2	7	0

A three-run homer by Ecorse pitcher Gary Spence turned the Twin Valley Conference baseball world into a jungle where three teams still roam in hope of the coveted crown.

Spense connected off Romulus' Lee Ballard who was tagged for a 4-1 loss. That Ecorse victory, plus Romulus' third defeat, shoved the downriver team into undisputed first place in the league.

Romulus fell a half-notch off the pace and is presently in a two-way tie for second place with Willow Run as the league entered the final stanza Monday.

Ecorse, the defending champ, has a 5-3 won-lost record with Romulus still remaining on their schedule. While Romulus and Willow Run both have 4-3-1 marks and will meet again before the season is out.

None of the games has been rescheduled as yet.

Romulus pulled ahead of the champs in the fourth inning as Ballard doubled to get aboard and was batted around thanks to Chris Gilenski's single.

The Eagles wasted three other hits—all singles.

Ecorse countered in the bottom of the fourth. With two men on, Ballard got to Spence for two strikes when he decided to try to shove a fast ball by the hefty Ecorse pitcher who replied with a circuit clout.

Earlier in the week, Romulus took on former league rival, Hamtramck, and walloped the Cosmos, 10-3. Leon Janes chalked up the win, throwing a seven-hitter.

Ray Horn, Bill Worden, John Toporek, along with Janes and Cilinski each rapped two hits.

THE SPORTS MERIDIAN

By Tom Mooradian

Names Come To Life

Screen star Jim Garner, discussing his attendance at a sports award banquet, once commented, "that I felt like my bubble gum card collection had suddenly come to life."

That's about how I felt when attending Garden City West and Cherry Hill's sports banquets last week. Suddenly, names that I had been spelling — and misspelling — all season long had come to life.

One has an awed feeling on such occasions, believe me.

If these athletes do represent "our leaders of tomorrow, then our country has nothing to fear," as one speaker so notably pointed out.

But, I would still like to find West's "poet" who so neatly tucked the following words under my plate. It read:

"West is West and East is East,
Hey, Sports Meridian
We're happy you have finally
Discovered we are the BEST".

My first thought upon reading the "poem" was that "it doesn't even rhyme. Then, it hit me — it wasn't supposed to — it's the truth.

American Legion Post 111 rookie manager Bob Eisiminger is batting 1.000 thus far this season. And he's also wondering who "up there" has something against him.

Eisiminger, who took over the managerial chores this season from Jack Malaney, has had scheduled tryouts washed out by the elements the past two weeks.

His first attempt to get the boys together — who gathered from as far away as Clarenceville High and that's far, believe me — was rained out. Then, last Sunday, adverse weather conditions prevented his team from getting into the swing of things again.

It wouldn't be so bad if he had time to spare — but he doesn't. The season is supposed to start this week.

"Ask the boys to call me at 728-4587," said manager Eisiminger. "This rain has to stop someday!"

You can pray on that.

Fans who got out to the second annual All-Area Track Meet have to admit it is a start of something good. It has to be — the Wayne Jaycees and the Associated Newspapers sponsor the darn thing. And wait till the boss sees the bill. Wow!

And before we notch another pica, let's thank the Jaycees, Wayne Jaycees, that is, for an excellent job.

Lest we forget, we also would like to thank Wayne Memorial head coach Bill Hawley and Wayne Memorial principal, George Bell, for helping us out. And that includes Johnny-on-the-spot Dick Miller who served as judge.

And Joe Siebold, an ardent Cherry Hill fan came up with a remark that lingers right up to deadline: "Do you realize that for some reason or other parents just don't come out to watch these kids compete?

"They're more apt to go out and watch Little League instead. And that's a shame," he said.

It is!

ONE OF MANY — Among the many trophies Garden City West All-American cager Rick Drewitz (at left) received last week was the Associated Newspapers' Top Scorer Award. Above, West cage coach Chris Babler makes the presentation at the annual West High Athletic Sports Awards' Banquet.

3-Run G.I. 7th Leads To Huron Downfall, 4-3

A three-run seventh inning rally by Grosse Ile paved the way for a 4-3 eighth inning victory over Huron last Thursday as coach Ron Smith's Chiefs wound up the 1970 campaign.

"It was really one of the most frustrating losses this season for us," said Smith. "To shut them out for six innings then lose was something else."

Huron got three runs for losing pitcher Ron Thompson in the opening inning. And the sophomore hurler hung on until the seventh when a couple of walks and an error figured in three runs.

Grosse Ile also used a walk and an error to break the deadlock in the eighth.

Huron cashed in on three of their nine hits in the opening inning and went ahead after two were out. Butch Suemnick started things going as he walked, stole second and scored on Jack Gracia's single. Gracia made it to second on a wild pitch and was batted in when Dan Dilks also rapped out a base hit.

Gracia also picked up a stolen base and raced home when Jerry Dulecki blasted a run-scoring single.

Dulecki accounted for two hits in three trips while Gracia collected a pair of singles and a double in four appearances at the plate.

Earlier in the week, Monroe Catholic Central routed the Chiefs 15-4. Craig Adaline sustained the loss.

In the struggle for the second-year Huron Conference championship, two teams - Monroe CC and Airport - are deadlocked for first place.

The two leaders, who have been involved in rainouts, have two games on their league schedule. Those games were rescheduled for the early part of the week.

Huron wound up the league season with five victories in 15 outings. The Chiefs compiled a 6-15 over-all record.

Baum's Funeral, stretching its winning streak to four, shut out defending champ, Anchor Block, 1-0, to take over first place in the Romulus Adult Softball League last week.

An unearned run in the ninth paved the way for Baum's fourth win as Ivan Kinshella scattered four hits to card the pitching triumph.

In the ninth, Tom Marken singled and, with one away, advanced to second on Joe Debuysscher's base hit. Then Kinshella bounced to the second base for a force out and the toss to third to finish off the baserunner failed, winding up in a wild throw which scored the winning run.

Cue Corners and Romulus Press Repair, meanwhile, stayed close on the heels of the early leader as each recorded their third win in four starts.

The Cue Corners' squad polished off Romulus Crusaders 18-4 and then registered a 5-3 victory over Alden Electric. Romulus Progressive bounced back to cool Metro Radiator 8-2 behind 16-hit assault.

Al Ellis was the winning pitcher while La Point took the loss.

A 16-hit attack plus three walks also helped Alden Electric shock Metro Radiator 10-4 which featured some outstanding catches by outfielders Zielinski, Adamski, Wosachlo.

Heggie had a perfect day at the plate with two hits and two walks while Martin rapped three singles in four trips. D. Tertlin, J. Adamski, J. Ackerman, D. Slawinski and B. Wosachlo each collected two hits.

Gray's came back from a 14-7 pasting from Romulus Press Repair to defeat Five Points, 13-4.

Triple Crown For Pettus

(Continued from 1st Sports)

Schleicher and low hurdler Greg Hubbard.

Schleicher was the only contestant to put over the 50 feet barrier. He registered a 50 feet, 6 inches effort to beat out Bruce Kendrick, of Wayne (49 feet, 5¼) for first place honors.

Hubbard crossed the finish line in 19.6 to rule the low hurdles event.

Wayne also received a winning performance from its pole vaulter Ben Cline who defeated teammate Randy Claborn for his All-Area berth.

Cline cleared 13 feet, 6 inches while Claborn carded a 12 feet.

The 1970 All-Area Track results are as follows:

Two Area Scout Leaders Selected For High Honor

BELLEVILLE — The St. George Emblem, the highest honor that can be bestowed upon an adult leader of Catholic Boy Scouts, has been awarded to seventeen outstanding volunteers in the Archdiocese of Detroit, including two area Scout Leaders.

This is the biggest class of award candidates in the history of Scouting under Catholic auspices here. It is the class with the longest record of service.

The seventeen winners have contributed a total of over 275 years of service to their Scout units, a remarkable average of more than 15 years each.

The emblem is conferred upon outstanding Scout leaders who, by their direction and personal example, inspire boys to excel in Scouting and to become more devoted to the purposes of their religion.

Henry Vassel, director of the CYO Scouting and Camping Division of the CYO, announced the list of award leaders. The awards will be presented on behalf of the National Catholic Committee on Scouting.

Among the awards class are Norman E. McNally, 42 S. Edgemont St., of St. Anthony's Catholic Parish of Belleville; and Robert Manion, 709 Dwight Ave., Ypsilanti, of St. John The Baptist Catholic Church.

The emblems will be presented during Mass at St. Agatha Church on Sunday, June 21. Mass will begin at 3 p.m.

Father Edward Haggerty, Archdiocesan Scout Chaplain, will confer the emblems.

A reception will be held afterward in the parish social hall. The public is cordially invited to attend.

Young girls in The Salvation Army's Homes and Hospitals for Unwed Mothers are enabled to continue their studies of junior and senior high school subjects.

A Winner For Jerry

ROMULUS — Jerry's Party Store, located at Eureka and Inkster Rd., Romulus, was the scene of a happy occasion earlier this month.

After ten years of sponsoring a women's bowling team at Southlanes in Southgate, for 10 years, owner Jerry Fillip's team won first place.

On the team are Annette Schewermann, Blanche Olsen, Sandra Lauks, Esther Kopchia and Betty Bonner.

The team high series was 2176, while the team high game was 818. Annette Schewermann had the high individual score of 526, while Betty Bonner had the highest single game with a 216 score.

Hawley Is Named Coach Of the Year

In the span of one's life, three years isn't a long time. But it was enough time for coach Bill Hawley to build Wayne Memorial in a state Class A track power.

Hawley's team this season finished ninth in the state - the best any Wayne team has finished in Class A track state competition. His teams also chalked up eight dual meet victories while losing only one. The Zebras were also runnersup in the Sauk Trail.

For his outstanding efforts, the Associated Newspapers honors coach Hawley as their Coach of the Year.

The road up, though covered in a short span, has been a rough one.

"Our problem was getting the kids out and keeping them out," said coach Hawley. "We felt that there was enough talent in the district, but we had to lure it to the team.

"And once the boys came out it was up to us to keep them interested," he said.

Apparently it worked.

Hawley and his staff have produced some outstanding athletes in the past three years. Names as Ernie Righetti, Bob Mercado, Jerry Tapp, Ben Cline, Bob Mercado, Joe Keister - to name just a few - are familiar not only in the area, but throughout the state.

The 30-year-old track mentor is a graduate of Western Michigan University where he earned his degree in physical education. Last summer he completed his work on his masters - also in education.

Married to Darlene, the Hawley's have three future track starts - Robert, 5, Jeffrie 3, and Steven 1. They make their home in Wayne.

Area Youth Fitness Meet To Be Held at Kensington

The 1970 Detroit Metropolitan Area Youth Fitness Meet will be held at Kensington Metropolitan Park near Milford on Thursday, July 30.

Over 2,000 boys and girls are expected to participate in these final events Charles A. Damm, chairman of this year's meet and Park Superintendent at Kensington Metropolitan Park, reported.

Trophies will be awarded to 135 youngsters as winners of first, second and third place events.

Youngsters from southeastern Michigan qualify for the finals by winning youth fitness events sponsored by their local municipal recreation department.

During the 12-year history of the event, the Detroit Metropolitan Area Youth Fitness Meet has been held at Belle Isle, Metropolitan Beach, Livonia, Lower Huron Metropolitan Park and several other locations.

In addition to Damm, members of the 1970 committee include:

Co-Chairman — Ernest Barnett, assistant superintendent for recreation, Parks and Recreation Department, city of Detroit; Miss Susan Wedley, recreation supervisor, Parks and Recreation Department, Royal Oak; Miss Dorothy Reidel, West District Supervisor, Parks and Recreation Department, city of Detroit; James J. Pompo, deputy director, Huron-Clinton Metropolitan Authority, Detroit; George Giblin, park superintendent, Lower Huron Metropolitan Park near Belleville; Gerald Nelson, director of parks and recreation, Inkster; Everett Scherich, director of parks and recreation, Jackson; Jack Yemec, director of parks and recreation, Madison Heights; William P. Sherman, park superintendent, Metropolitan Beach near Mt. Clemens; Joseph Marshall, director of parks and recreation, Port Huron; Fred Woelkers, director of parks and recreation, St. Clair Shores; Larry Fitch, director of parks and recreation, Trenton.

33 Nominated For 'Michigan Mile'

The 1970 Michigan Mile "atmosphere" is starting to embrace the Detroit Race Course this week even though the 22nd running of the state's richest horse race isn't scheduled until June 20.

Nominations for the $100,000-added classic closes Wednesday June 3, and Director of Racing Norris 'Gwin hopes to have the list of hopefuls compiled for announcement by the week-end.

Second factor helping to direct attention toward the Mile will be the running Saturday, June 6 of the Mile Trial Handicap, a race which is designed to help define the real contenders for the prestige $100,000-added title two weeks later.

Thirty-three thoroughbreds, 4-year-olds and up, have been nominated for the $25,000-added Mile Trial, which at a mile and 1/16 is half a furlong shorter than the rich stake of June 20 which still is called the "Mile" despite its route of a mile and 1/8.

Saturday's list of nominees is replete with top-notch handicap stars, more than half already having posted stakes victories. The Trial will be the top attraction of a 10-race card, the first post parade being scheduled for 2:10 p.m.

Texas oilman W.A. Lofton's Miss Danalee, a three-times stake winner here in the last two seasons, is the only representative of the distaff side nominated Saturday.

Among possible challengers are those three others who have captured DRC stakes: T.A. and J.E. Grissom's Rio Bravo, front runner in the recent Frontier Handicap; Mayfield's Stable's Building, victor in the Good Neighbor Handicap a month ago, and H.C. Vandervoort's Pleasure Seeker, an impressive nine-length winner in the Labor Day Handicap here last year.

Grill Cited On Liquor Violation

ROMULUS — Stella Grill, located at 27736 Eureka Rd., was cited by the Wayne County Sheriff's office with violating Michigan Liquor Control Act.

A hearing on charges of serving an intoxicated person will be heard June 8 at the Liquor Control Offices in Lincoln Park.

Students Guest Of Firemen

NEW BOSTON — Members of the third grade classes at New Boston Elementary School were special guests of the Huron Township Fire Department Tuesday.

The group of 50 students were shown the equipment and operation of the department and given pointers on fire prevention under the direction of Fireman Paul Moore in charge of the fire prevention program.

Fire Chief Robert Woods had the children receive a fire department brochure on fire prevention for home use and study.

On Friday of this week, Fireman Moore is scheduled to visit the school and present a movie on fire safety and what carelessness can do.

He will also question the students on information in the brochure.

Plant Identity Speeded

EAST LANSING — The identification of weeds and flowers is now being done by computer at Michigan State University.

When linked with national institutions, the computer method could provide split-second plant identification, says Dr. John Beaman, MSU botanist who has received a sizable grant from the National Science Foundation for the two-year project.

County Weighs New Police, Court Funding

Drug Abuse Fight Is Included

Addition of ten assistant prosecuting attorneys and expansion of the Sheriff's community relations staff are contemplated by the Wayne County Board of Commissioners.

Meeting as the Ways and Means Committee, the County legislative body approved the two proposals May 27. Formal approval by the full board, which meets June 4, is required.

In requesting the ten assistants, Prosecuting Attorney William L. Cahalan, described his as "the most understaffed prosecutor's office in the country." He said his assistants are trying felony cases with little or no preparation.

"The defense gets a case two or three months ahead of time," he told the Board. "We get a case two or three minutes ahead of time."

Cahalan requested 13 more assistants for the current fiscal year, but was granted only two. He said he planned to ask for 21 new positions in his next budget, but would reduce that request by the number added now.

He cited sharp increases in felony cases in circuit court and Detroit recorder's court, an "astronomical" increase in appeals work, and demands by several district judges for more attention to their courts.

His request was approved by a 20-3 vote after lengthy discussion of the possibility of a budget deficit.

The County Board of Auditors reported the 10 new positions would cost $80,000 for the balance of this fiscal year, and that the unallocated appropriations account was overdrawn by $4.7 million.

"At this point, there is no way to tell how we will finish the fiscal year," Board Chairman Albert J. Zak, said after the meeting. "We could end up with a surplus for all anybody knows at this time."

The Ways and Means Committee also voted to authorize Sheriff William Lucas to fill three already-budgeted human relations positions in his department. Lucas said three specially-trained patrolmen will work at increasing understanding between citizens and law enforcement officers.

The committee approved payment of $3,800 for overtime worked by Sheriff's officers during the disturbance in River Rouge last month and $2,241 for repair and replacement of equipment that was damaged in the incident.

A number of applications for funds under the Federal Omnibus Crime Control Act were also approved. They will be submitted for consideration by the Michigan Crime Commission. The applications include:

*A $2,516,771 program for working intensively with delinquent juveniles who are also problems in Detroit schools. The two-year program would be operated jointly by Wayne County Juvenile Court and the Detroit Board of Education. A Federal grant of $1,476,640 is sought. Local funds and services would amount to $1,040,131.

*Creation of a Sheriff's organized crime unit at a total cost of $148,000, with $107,800 of that in Federal funds and the balance in staff services. This proposal already has been approved by the State Crime Commission for immediate funding.

*A Sheriff's helicopter patrol to combat crime and perform search, rescue and other duties under a two-year program. Its cost would be $200,000 Federal, $166,000 local.

*A metropolitan crime laboratory under the Sheriff for use by local police departments. Cost: $84,953 Federal, $68,000 local.

*A one-year study to develop a plan for the most effective use of law enforcement resources in Wayne County during civil disorders and natural disasters at a cost of $18,570 Federal and $6,200 local.

A PAINTER — applies another coat to a recessed cove in the first-floor ceiling at Hudson's new Southland store while the men at the left discuss placement of display cases. When the store opens on July 20, this area will contain fashion accessories.

New Southland Center Readied To Open July 20

The newest addition to the shopping facilities bearing the J.L. Hudson Co. name wasn't quite ready for "company" Thursday -- but, despite paperhangers, painters, carpet layers and other waorkmen -- it managed to impress members of the news media.

The new Hudson's "Southland" is located at 23000 Eureka in Taylor, between I-75 and Telegraph Rd. and serves as the core of the enclosed mall shared by 50 other tenants.

The center is scheduled to open to the public July 20.

Store manager Robert E. Sturwold, 33-year veteran of the company, conducted a torn of the three-story unit that has over 300,000 square feet of store space.

A full-line department store, the newest Hudson's offers a complete range or merchandise, shopping convenience and services in a "store-within-a-store" concept.

In addition to a variety of departments arranged with the convenience of the shopper in mind--Hudson's Southland Center will also feature a gallery of specialty shops, a snack bar and a quick-service restaurant.

Southland Center also has a Hudson's Budget Store adjacent to the full-line operation -- and for the first time, a Budget Store will have its won entrance onto one of the courts.

The Southland Center facility is the eight full-line department store in the Hudson operation and an approximate 600 jobs will be added to the downriver area when the store opens.

Brown, Mrs. Barns Hit The Campaign Trail

WESTLAND — Former Westland Mayor Thomas H. Brown has announced his candidacy for the Democratic nomination for State Representative in District 37 — the seat being vacated by State Rep. Vincent Petitpren.

Brown's terse three-sentence announcement came Friday, May 29. He said, simply, "I wish to announce my candidacy..."

He joins Westland Councilman Mrs. Justine Barns in the race for the Democratic nomination. Mrs. Barns announced only last Tuesday that she would run. No other candidates have announced for the seat, considered to be safely Democratic.

Brown, of 1917 Eagle Ct., Westland, was defeated last September by Westland Mayor Eugene McKinney. Brown was trying for his third term as Mayor. A write-in effort following his primary defeat failed, but Brown indicated that he was not ready to retire from political activity.

Mrs. Barns, of 31553 Alpena Ct., Westland, is serving the third year of her second term on the Westland Council. She was first elected in 1966, when Westland became a city and was re-elected in 1967, leading all vote-getters.

It is not the first time that

MRS. BARNS

THOMAS BROWN

Mrs. Barns and Brown have faced each other in a Democratic primary race. In 1968, Mrs. Barns and Brown both filed as Democratic candidates for the Wayne County Charter Commission, to reorganize county government. Shortly after the filing deadline, Brown withdrew, and Mrs. Barns went on to win the post, which was made meaningless by the defeat of the Charter Commission proposal.

Both candidates have proven vote-getting ability, particularly in Westland. The 37th District includes about half of Westland, two-thirds of Inkster and all of Wayne.

Petitpren is giving up the seat this year to take on State Senator William Faust in the Democratic primary in the 13th Senatorial district.

SEMCOG Population Reports Show Gain In Western Wayne

Western Wayne County leads the way in population growth in Wayne County, despite the generally slow growth of the entire county, recently released Southeast Michigan Council of Governments (SEMCOG) population figures show.

As of July 1, 1969, Livonia and Westland in western Wayne led the way among Wayne County communities in growth. Livonia is third, behind Macomb County's Warren and Sterling Heights, in southeast Michigan population gain.

Estimated figures reveal a Detroit region population growth of 15 per cent, during a nine-year period. The report spans from April 1, 1960 to July 1, 1969.

The Detroit region, composed of the 230 governmental units in the seven counties of Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw, and Wayne, showed a total population of 4,181,354 in 1960 as against 4,793,000 in 1969, reflecting an increase of 611,646 persons.

Oakland county posted the largest population growth in the region with a gain of 229,741 over the 1960 figure of 690,259. Other counties showing significant growth are Macomb, a near second, with an increase of 55 per cent, or a gain of 224,196 over the 1960 figure of 405,804; Washtenaw with a gain of 73,560 over the 1960 figure of 172,440; Monroe with a gain of 25,880 over the 1960 figure of 101,120.

Most of the gain has been in urbanizing townships and newly incorporated cities. These communities comprise all or part of three of the Standard Metropolitan Statistical Area (SMSA) including: Macomb, Oakland, and Wayne Counties in the Detroit SMSA; Washtenaw County in the Ann Arbor SMSA; and Monroe County in the Toledo, Ohio-Michigan SMSA.

Utilized in preparing these estimates were: SEMCOG Planning Division residential building permit data; residential customer counts, Detroit Edison and Consumers Power Companies; residential customer information, Detroit Water Supply; vital statistics, Michigan and Detroit Health Departments.

WAYNE COUNTY

Population figures for Wayne County, as of July 1, 1969, reveal a slight increase of one per cent, or a growth of 30,703 persons since 1960.

Figures released showed Wayne County's population as 2,666,297 in April, 1960, compared to 2,697,000 in July, 1969.

Communities registering significant gains include: Livonia which increased its population to 105,200, a gain of 38,498 over 1960; Westland which increased its population to 86,000, a gain of 28,294 over 1960: Dearborn Heights which increased its population to 82,000, a gain of 17,904 over 1960. Taylor had 49,658 inhabitants in 1960 and 68,300 in '69 for a gain of 18,642 (38%).

Only three Wayne County communities showed reductions. Detroit lost 170,144 persons (10%) from 1,670,144 in '60 to 1,500,000 in '69; Highland Park lost 2,663 persons (7%) from 38,063 in '60 to 35,400 in '69; Hamtramck lost 3,337 persons (10%) from 34,137 in '60 to 30,800 in '69.

Community College Gets County Backing

Wayne County Community College's millage proposal on the Aug. 4 primary election ballot has been endorsed by the Health, Education and Welfare (HEW) Committee of the County Board of Commissioners.

Commiteee Chairman N. Frank Cylkowski, of Detroit, D-District 16, expressed confidence that the full Board would add its support.

"The results of its first year of operation have shown how important the community college is to the educational future of our young people," Cylkowski said. "The college is meeting a real need."

The voters will be asked to approve a 1-mill property tax levy ($1 per $1,000 of equalized valuation).

This year, classes were conducted at 29 locations throughout the County by part-time instructors, mainly in high school buildings. Its $1.4 million budget was financed by the State and by a three-year $300,000 grant from New Detroit Inc.

Murray Jackson, acting president, told the HEW Committee that the system has the equivalent of 9,500 full-time students at present.

"We expect to have 14,000 students next fall and an enrollment of 50,000 in 10 years if this millage is approved," Jackson said.

If the millage is not approved, Jackson said, the community college could lose half the $1.6-million recommended for it in the Governor's proposed budget. The penalty is contained in a bill pending in the Legislature.

Jackson said the $8-million revenue from the millage would make it possible to hire full-time faculty, expand educational programs "and start thinking about our own facilities."

Time To Appraise University Leaders

By JOHN P. McGOFF
President, Panax Corp.

Last week, Clifton Wharton, president of Michigan State University, was commencement speaker at Johns Hopkins University.

Mr. Wharton called on U.S. decision makers to "revise outmoded policies." He proposed "major changes of attitude and approach in all dimension of American foreign policy."

Mr. Wharton's entire speech was devoted to American foreign policy.

Mr. Wharton's qualifications as a foreign policy expert are slim. He has a master's degree from the School of Advanced International Studies. His other talents in this area are not apparent.

Mr. Wharton seems to have the hang-up that several college presidents have today and that is attempting to be authoritative in areas in which they have little or no knowledge.

If Mr. Wharton could only inject his proposals for the U.S. to "revise outmoded policies" into the administration of Michigan State University, perhaps there would be less takeover by the by small radical element. Perhaps Michigan State University would be spared the embarrassment of a "so-called people's park."

If only Mr. Wharton would inject his proposal to the U.S. for "major changes of attitudes and approaches..." to his own administration, it is possible that the majority of students at MSU could get the education they are seeking.

If only Mr. Wharton could have devoted his time and energey and talents in that commencement address to analyzing what is wrong with higher education today and in particular, the ills of MSU.

May we suggest that he devote his talents in the coming months to building a modern, dynamic administration to lead what was once a highly respected institution of higher learning, out of the confusion and disarray that it is now obviously experiencing.

Our institutions of higher learning are still a major foundation to the democratic way of life. They need the leadership of men with moral courage and stamina to call a halt to the activities of the few who deprive the majority of their rights to an education.

The ranks of college presidents across the country with those qualifications are few. In this state, our hats are off to John Jamrich at Northern Michigan University, Harold Sponberg, at Eastern University and Ray Smith at Michigan Technological University.

More Interest Needed Besides Candidates'

There is an old adage which says "Society is built upon trust and trust upon confidence in one another's intergrity." Perhaps the saying is old and in some sense slightly farcical in today's society, but idealistically it is beautifully utopian.

However, in view of many of today's problems in government—whether on the local, state or national level—perhaps more of this utopian ingredient of confidence and trust by the public in government officials would be welcome.

Whether today's leaders are on school boards or in national government, today's general feeling of a lack of confidence, communication and credibility from our public officials and representatives grows daily.

Perhaps the most obvious place to build trust and confidence is on the local level—with local officials. In Plymouth, 10 men have entered the race for two four-year terms on the Board of Education. Certainly, every one of the candidates deserves a hearty pat on the back.

Congratulations, we say, for taking a job nobody wants. For, a public angered by rising taxes and growing unrest by its young people and plagued by a general distrust in any form of public spending is no easy child to lead. Confidence and trust in matters of public spending are hard earned commodities.

A pitiful lack of interest in the ten candidates, at a time when people are crying for responsive and responsible handling of school budgets, was shown last week at a candidates night at Fiegel school where only 30 parents attended.

Out of a district that is undergoing re-assessment this summer and still smarts from a teacher's strike last summer, certainly this small outward concern for the 10 candidates is shameful.

Is one entitled to yell "betrayal of trust" when he doesn't take the time to find out what the candidates stand for and then vote for those who will promote ultimum confidence and credibility?

Before we speak of misguided public officials we had better know what they stand for. Today, there are few rewards for being a public official except the self-satisfaction that you're doing a job everyone needs but few really want themselves.

It is commendable that 10 concerned residents in Plymouth have accepted the challenge of being a school board trustee in a district which is experiencing tremendous growth. Let's hope that more than 30 voters recognize the integrity of these men and can feel after the June 8 election that they can trust and guide the candidates of their choice.

Only The Best Will Do

The polls open next Monday in school districts all across western Wayne County as voters choose representatives on area boards of education.

The candidates who seek board seats bring to the campaign a broad spectrum of opinion on how school districts should be run. Included among the men and women seeking office are people from all walks of life, a true representation of the people of western Wayne.

In order that a wise choice be made, voters may obtain considerable information in all nine editions of the Associated Newspapers this week. The views and attitudes of the candidates are laid out for easy absorption.

In addition, we urge the voters to consider what the candidates say about the issues and the background the candidates bring to this campaign. Education, and the issues involved in it, are so complex today that only most concerned and best-oriented citizens should be elected to boards of education.

No single issue should govern the choice of board members this year. The candidate's overall knowledge of education and his willingness to work are just as important as any single stand on the issues.

We wish the winners of next Monday's contest well in the tasks they have chosen for themselves. Representing the needs of western Wayne school children, and the hard-hit pocketbooks of are taxpayers is a seemingly impossible and thankless task.

Only the best will do Monday, just as the voters would expect only the best from those they tap on election day.

Gambler Kelley Studies The Odds

By DON HOENSHELL
Associated Lansing Writer

LANSING — Atty. Gen. Frank J. Kelley knows the only way to win at gambling is to get off the plane at Las Vegas and walk directly into the propeller.

Every step he takes he scouts out in advance to make sure the sidewalk is still there.

That's why this natty son of a post-prohibition Detroit saloon-keeper will try for re-election this fall despite the straws in the wind hinting he might try another line of work.

Kelley likes a sure thing and you could make a parade out of lawyers who don't want to run against him, just as Kelley has restained himself from gambling with oblivion.

This one neither drinks nor smokes and he hands out phamplets to his newspaper friends who do. He has been known to sip champagne on ceremonial occasions, but the floor never tilts for Kelley.

Detroit was a hard town even when Kelley was a lad. His family ran a club and his boyhood associates, who didn't turn out as well, still come back to haunt Kelley.

He didn't turn his back on a nod from a childhood acquaintance — though now involved a bit with the Mafia - and Kelley's enemies see a sinister connection.

Nothing to it.

In his young days as a lawyer, Kelley participated in the same corridors as former Detroit Mayor Jerome P. Cavanaugh and knew former Gov. John B. Swainson before either entered public office.

In fact, Kelley arrived in Lansing three days after Christmas, 1961, as the newly-appointed attorney general — appointed by Swainson.

Kelley had practiced law in Detroit for two years, then in 1954 found an opening in the ranks in Alpena. He adopted the town and this native of Detroit is now its favorite son.

Shortly after he took office, Kelley developed polyps on his vocal chords and his doctor ordered him to silence for two weeks. Swainson called on him in his office one day.

"The attorney general says "hello," said Kelley's deputy, Leon S. Cohan.

Cohan often speaks for Kelley on hot issues, leading one critic to charge: "If anything ever happens to Cohan, Kelley can be attorney general."

Cohan, as valuable politically as he is as a legal brain trustee, denies it all, but his public relations charm hides the scars and savvy he earned in the rough and tumble of district politics in Detroit.

Kelley has made enemies in office, and what else is new? He had a severe falling out with Cavanagh a few years ago and friends of both speculated they were on a political collision course.

Now they both speak unkindly of each other, but the feud — stemming from whatever source — has been kept under wraps.

There has been the usual grumbling among some county prosecutors, over whom Kelley has jurisdiction in legal matters. James Turner, the Howell publisher now running for the Republican nomination for governor, charges Kelley with all sorts of wrongdoing.

After Swainson's defeat by former Gov. Romney in 1962, most eyes turned to Kelley as the leader who would restore Democrats to the front office in Lansing.

There were skirmishes between Kelley and Romney before they signed their historic nonaggression pact — a paper that Kelley preserves for the history books. It was the first one.

A Morning In Spring

By DANN BARKUME

Governor William Milliken held his annual Prayer Breakfast last week and I was given the opportunity to attend along with three other young men. Braving a cold shower at 4 a.m. and a 7:30 a.m. Lansing arrival time I personally found the event to be very moving, thought provoking and full of insight from which we all could benefit.

Colonel James A. McDivitt was the keynote speaker and he varied somewhat from his normal address about space flight to give some of his opinions on the shape of the world today.

He spoke about what the earth looks like from space. He saw lakes, rivers, mountains, oceans and continents. He added, however that there were no boundary lines drawn on the continents and that it was impossible to tell where one country ended and another began. He also described the natural beauty of the earth from space. McDivitt then got down to the heart of what he wanted to say. He talked of the peace of space and beauty of earth. He then mentioned such hackneyed expressions as pollution, environmental control, barbed wire fences, war, violence, demonstrations and riots. He was well aware that all of the above mentioned items exist, yet from space our earth looked peaceful and beautiful.

Perhaps it's time we settled down to making our planet what it should be. Perhaps we should begin to learn how to live together instead of trying to destroy one another. Perhaps we should begin working on solutions to polluted air and water. Perhaps we should begin to consider someone else instead of just ourselves.

McDivitt spoke of things that have been mentioned time and again, yet from a perspective that we do not realize. He spoke of the earth the way it looks from a great distance, the way it should look naturally, and the way it is.

The entire theme of the program was spiritual. Everyone in attendance realized it and during scripture readings, songs and moments of silence I think most everyone there felt that we who live in the age of technology seem dead set on destroying ourselves and everyone else around us.

The problem of environment is not one that should only be considered by those who are supposed to be doing something about it because everyone should be doing something about it and the time has come to stop procrastinating, before it's too late.

We in Western Wayne County should show as much concern as everybody else because we have to live here too. We should stop worrying about promotions, stock reports and pennant races and consider the real problem because the time is fast approaching when promotions, stock reports and pennant races won't mean a thing. There might not be anyone left to consider them.

Memorial Dedication Proves Point

By ROSEMARY WOLOCK

The new Inkster city administration got off to an auspicious beginning Saturday with the dedication of a memorial to Inkster's war dead and memorial day parade.

Although the crowd was not made up of tens of thousands of spectators, the parade was a good kickoff for what promises to be an annual event.

Once again Inkster showed that it was a community that knows how to put things in perspective, for the memorial day celebration was not a celebration of war.

As the Jaycee float pointed out, "War is an interruption to peace." There was no need in Inkster for a separate peace march as occurred in other communities. As the roll call of war dead was read, it was obvious that the Vietnamese War has cost Inkster dearly.

The dedication of the memorial was also a dream come true. The dream was that of former Councilman Edward Dudek who began working on the project long before his own son, Marine Lance Corporal Richard A. Dudek, was killed in Vietnam.

Thus, though it was a sad occasion, the dedication of Inkster's memorial to war dead was also a happy one.

It was good to see all kinds of people participate in the program — black and white, young and old, Catholic and Protestant, men, women and children.

The Cherry Hill High and Inkster High bands were there, as well as innumerable Brownies, Bluebirds, Girl Scouts, Boy Scouts, Cubs and the Boys' Club.

The official Inkster family was there — mayor, councilmen, city officials and city employes.

Community organizations were represented by the Elks, Jaycees, Jaycee Auxiliary, Rotary, VFW and Westwood Hills Womens Club. The Civil Air Patrol was on hand, too.

The weather even cooperated by providing sun and clouds, but no rain to spoil the festivities.

Inkster's new mayor, Edward Bivens Jr., in his welcoming remarks, expressed the hope that next memorial day there would be no new names to add to the memorial.

Cong. William D. Ford, the principal speaker for the day, echoed Biven's remarks and added his hope that there would be no more war dead from Inkster or anywhere else in his district.

It was a good program, typical of the quality Inkster citizens can provide when they work together toward a worthy goal.

Bald Eagle Speaks

Policemen Shouldn't Complain

By BOB AMEEN

Compulsory arbitration, which recently granted local police officers $10,500 yearly and $11,000 as of next July 1, brings to light an unfortunate situation.

Although it is true that our police department must have more money to attract better caliber men to the force and to enable its officers to live in upper middle class Liovnia, many other areas of employment are far worse off.

Police officers, like other municipal employes, receive fringe benefits estimated at more than $4,000 annually. This sum added to their basic salary, plus some overtime, leaves them in fairly good financial status even in today's hectic times.

Persons in other fields are not so fortunate. Consider the white collar worker who works for a small organization and who does not receive these fringe benefits. Also, think of these same persons who have not been granted a cost of living allowance for one to two years.

Most of these employes also are paid below the scale of salaries for comparable jobs with larger companies.

Supposedly, when large union contracts are settled, as in the auto industry, everyone down the line profits financially, including the white collar worker working for the firms covered in the new salary agreements.

But, such is not the case with the unlucky white collar worker, who as often as not, lives in the suburbs and works for a small company. Usually, in these instances, he has worked many years and been granted two, three or maybe four small raises over the years.

Net results? This poor individual each year falls more and more behind his colleague who benefits from large union contracts.

Thus, although many of today's police officers gripe about low salaries — and their grievances are mostly justified — they definitely are not at the bottom of the barrel salarywise.

Many white collar employes of small firms make less money than policemen, but manage to rear families and exist from year to year by shoestring management.

This writer firmly believes that officers on police forces, such as Livonia's, are entitled to more salary in consideration of their job requirements and risks to which they are exposed. He also believes that the white collar workers cited also deserve monetary consideration under a planned program.

The general public is too prone to forget this sizable segment of our population and they are too easily reminded of how necessary it is that a specific employe group, such as police officers, get adequate pay.

So, policemen everywhere, be thankful for your blessings. Things could be a lot worse. Let's hope that the situation improves for all of us.

O'Neill's Boyhood Story Is Better Than 'Orchard'

By HOWARD ALLEN
Panax Amusement Critic

It must have been rather embarrassing to John Fernald to take his Meadow Brook Theatre to New York where "The Cherry Orchard" bombed out, only to leave a couple second-stringers here, augmented by Oakland U. and Fernald's Studio Company students, to wrap us his season with "Ah, Wilderness!" Embarrassing because "Wilderness" is a much better production than "Orchard," everyone agrees.

Undoubtedly, had Fernald known a year in advance about the New York date, he never would have scheduled the large-cast "Wilderness." But the results were most happy.

"Wilderness" is Eugene O'Neill's only comedy, a nostalgic look at his own childhood painted in extremely wishful tints-the tortured family in "Long Day's Journey" was a lot closer to biographical truth.

The Miller family, a richly painted picture of small town life at the turn of the century, is warm and satisfying as it seeks to create a perennial picture of youth growing up and first love. Young Richard (O'Neill) has committed the sin of writing love poems to the daughter of a Babbitt who forces her to break up with him. In despair, he allows himself to accompany his older brother's friend to a house of ill repute for his first serious bout with alcohol and other things.

In lesser hands than O'Neill, this could easily become rather rank situation comedy, but O'Neill, a master at painting vivid backgrounds and filling them in with vital people, remains in firm control. Director Terrence Kilburn has a deft stroke and a fine cast, Harry Ellerbe and Elisabeth Orion as the parents, Kilburn as the wastrel uncle and especially Jeffrey Winner as the son, flesh out a rewarding evening.

Tennessee Williams ran out of plots years ago and started writing charicatures of himself, but even second rate Williams often is better than first rate somebody else.

"The Last of the Mobile Hot-shots" (Palms) — which isn't much better as a title than Williams' own "Seven Descents of Myrtle" — concerns a down and out survivor of a topless band who marries a dying descendant of a century-old southern plantation family on a television show for the sake of a wagon load of gifts.

The honeymoon is at the ole plantation where her dying husband, James Coburn proves he isn't virile and his black half-brother, Robert Hooks, proves he is. The rest is a long war over the succession to the plantation's ownership.

Lynn Redgrave's southern accent is positively embarrassing, but Coburn and Hooks are excellent as two feuding brothers enmeshed in the usual Williams over abundance of perversions and assorted hangups in a typical Williams set--decaying farm, decaying creams and an overflowing river threatening to drown them all amid torrential rains.

Sort of like a Mad Magazine takeoff of Williams.

A rare war comedy, old fashioned in the sense that it's only out to entertain and doesn't seek to prove that war should be abolished, is "Suppose They Gave a War and Nobody Came." Forget the title — it means nothing and was chosen only to make life miserable for those whose lot it is to tend to marquees.

"Suppose They Gave a War" is potentially an extremely funny 75-minute picture stuffed out to nearly two hours. Along the way are several occasional rich moments of humor. Generally, it's perfect, light summer fare which outran the film editor.

MARK P. MATHIAS

Musician Graduates Interlochen

Mark P. Mathias, son of Rev. and Mrs. Norman L. Mathias, 31406 Rosslyn St., Garden City, will graduate from the Interlochen (Mich.) Arts. Academy June 5.

A student at West High School before transferring to the Academy, he is a member of the Interlochen Choir and plays the string bass in the Arts Academy Orchestra and the Studio Orchestra, the school's jazz-rock group.

He plans to attend the University of Michigan's School of Music in the fall.

Anti-Litter Warnings To Dot State Freeways

LANSING — Anti-litter warnings will appeal to the better side of human nature as motorists travel two Michigan freeways this summer, the Department of State Highways said today.

Signs reading "$100 Fine for Throwing Trash on Highways" will appear along the US-27 freeway in Clare County and along the Interstate 696 Business Spur (John C. Lodge Freeway) in Detroit.

The signs are part of an experiment to determine the effectiveness of anti-litter signs on urban and rural freeways. After one year, the cost of litter pick-up on the signed sections will be compared with costs for the previous year.

Local law enforcement agencies and courts will be asked to cooperate in the program.

The Highway Department will spend more than $1 million this year to pick up after careless motorists who discard everything from dentures to bed springs along our highways. The great bulk of litter is composed of bottles, cans and paper.

The Department maintains litter barrels at 59 Freeway rest areas, 100 roadside parks and 1,000 picnic sites along the 9,240 mile state highway system.

The anti-litter signs, to be erected by July 1, are three feet wide by four feet high, and have black littering on a white background.

State Aid Goes To Area Schools

LANSING — State Senator William Faust (D-13th District) annouced this week that the following payments of state aid to education will be made to area school districts June 1:

Cherry Hill, $162,800; Garden City, $938,709; Inkster, $231,223; Livonia, $830,898; Plymouth, 379,592; Romulus, $54,046; Taylor, $286,325; Wayne, $1,090,167; Huron, $208,889; and Van Buren, $399,608.

State aid payments are made six times each year.

Inksterite Honored

INKSTER — An Inksterite was among 1,500 Western Michigan University students who were honored recently by being named to the University's Dean's List for the winter semester.

She is Barbara Jean Aro, daughter of William T. Aro, of 307 Brentwood.

Alfie's First Restaurant Will Lead To New Chain

Alfie's Fish and Chips has opened its first restaurant in the Detroit area, in Westland, at 262 South Wayne Rd.

Don Aron, Vice President of GGE Franchises-Michigan, Inc., said this Alfie's would serve as a base of expansion for the Michigan area, and there were plans for more than 25 Alfie's here in the near future.

Plans include development throughout the State for more than 100 stores in the next three years.

Irving Kessler, general manager of Alfie's in Michigan, states the hours for service, either restaurante or take-out, are from 11 a.m. to 9 p.m., Monday through Thursday and on Sunday, and from 11 a.m. to 10 p.m. on Friday and Saturday.

Alfie's Fish and Chips follows the successful franchise pattern of limited menu and very high quality food. The fish is fresh Icelandic whitefish, purchased through a centralized control agent and distributed to individual franchises in each city. The fillets are dipped in a secret batter developed by Alfie's and deep-fried in Alfie's own cooking ranges. The chips are sliced, fried, potatoes, a long American favorite, but also a 100 year old tradition in England.

In just a short time, Alfie's has become one of the major franchises in America. The company projects that it will have over 200 stores open by the end of the year.

This success lies in the authenticity of the overall operation. President Carl Zucker, who calls Houston, Texas, hs home, started the food chain after spending many successful years in the food franchise business. When Zucker started Alfie's he strove for authenticity in every possible detail. Each Alfie's uses ranges imported from Huddersfield, England, malt vinegar from Penistone, pickled onions also from Huddersfield, and the fish and chips are served wrapped in copies of the Yorkshire Post.

The shop's design was derived from actual English fish houses, and adapted by an architect from Leeds.

The popularity of Alfie's has been overwhelming. Fish and chips seem to appeal to every age group. They're as popular with children as the old American stand-bys, the hot dog and the hamburger. There are different sizes available at Alfie's: the Wee Bit, for youngsters, the Alfie's, which is the regular order; and the Grand Bit for the real Fish and Chips levers.

Fish and chips have been enjoyed by the English for over 100 years, originating when small shops along the seacoast began serving fish, usually cod, dipped in a special batter, deep-fried and accompanied by fried potatoes. When modern refrigerators came to transportation the fad spread throughout the island and in time because as much a part of English tradition as the flag and Parliament. They're apparently becoming a part of our tradition, too.

Lawrence Graduates Five Area Students

Five area students will be among the 368 graduates of the Lawrence Institute of Technology who will be presented with diplomas by President Wayne H. Buell at the 38th annual commencement exercises at 3 p.m. Sunday, June 7, in the Ford Auditorium in downtown Detroit.

Norman J. Grudell, a 1961 graduate of Garden City High School, will receive a Bachelor of Science degree in Electrical Engineering.He plans to join the IBM Systems Development Division in Poughkeepsie, New York.

Douglas J. Parnin, who graduated from Franklin High School, Livonia, in 1964, will receive a B.S. in Architecture. He holds an Associate in Technology degree (1966) from Schoolcraft College. He is employed as an archetectural draftsman with Sachs Associates and lives with his wife, Kathleen, in Garden City.

A.G. Hebel III will receive an Associate in Engineering degree in Mechanical Technology. He was an active member of the Society of Mechanical Engineers at L.I.T. and is presently manager of the Bonal Vibronics Division of the Bonal Machine Company. He, his wife and two daughters live in Plymouth.

Clarence J. Miller, a 1966 graduate of John Glenn IIigh School, Westland, will receive his B.S. in Electrical Engineering. He plans to join the engineering design and services department of the Detroit Edison Company.

Charles W. St. John, a 1956 graduate of Bentley High School, Livonia and a member of his local Moose Club, will receive his B.S. in Industrial Management. He is a computer systems engineer for the Digital Equipment Corporation and lives with his wife and son in Plymouth.

Family Vacation Fun Begins In Michigan

LANSING — More than 200 community action-jammed events promise to add zest to family vacation fun in Michigan this summer. The summer edition of the Michigan calendar of events, compiled and produced by the Michigan Tourist Council, lists a wide variety of ideas for family fun in both Michigan peninsulas from June through October.

Calendar offerings include more than 20 community art shows, several rated among the best in the Midwest. Late summer and early fall calendar entries feature many festivals and fairs. Water competition, ethnic festivals, Indian pow-wows, antique shows, and even a Frisbee tournament are among the vacation fun offerings in the two-peninsula state this summer.

Variety keynotes June listings which include the Arts and Crafts Festival, Lansing, June 5-6; The Lilac Festival, Mackinac Island, June 13-20; Frankenmuth's Bavarian Festival, June 14-20; the Muzzle Loaders Festival, at Greenfield Village, Dearborn, June 20-21; and the Freedom Festival, Detroit, June 28-July 5.

Warning to food lovers — chuck those calorie counters. July activities in Michigan are dominated by food festivals. Strawberry Festivals will be held at Chassell and at Manistee — the National Strawberry Festival. Traverse City will hold the National Cherry Festival and Sebewaing will host the Sugar Beet Festival.

Food will be king during the Troutarama in Baldwin, the National Blueberry Festival at South Haven and the Munger Potato Festival, Munger. Additional July fare includes the Top-O-Michigan Aquathon, Cheboygan, the Blue Water Festival, Port Huron, the Summer Festival, Ironwood, the Chesaning Showboat, Chesaning, the Alpenfest, Gaylord, and the Lowell Showboat, Lowell.

Eventful happenings on tap for Michigan vacation travelers in August include the Flying Scots Sailboat Race, Menominee; the Summer Singers, Ontonagon; the Ionia Free Fair, Ionia; the Waterfront Art Fair, Charlevoix; the Saginaw Valley Live Steam Show, Caro; the Magic Convention, Colon; the Danish Festival, Greenville, and the big Michigan State Fair in Detroit.

September fun seekers can choose from a variety of Michigan activities, including the Black Gown Tree Pageant at St. Ignace, the Peach Festival in Romeo, the annual Old Car Festival at Greenfield Village, Dearborn, and the Festival of the Forks in Albion. Also featured in September is the annual Mackinac Bridge Walk, St. Ignace to Mackinaw City — the one time each year when pedestrians are allowed on "Big Mac."

With October comes autumn weather and Red Flannel Day at Cedar Springs. Coldwater will host the Small Race, airplanes, and Howard City will have a Turkey Shoot. In mid-October, Bellaire will stage an Autumn Color Festival and at month's end, the International Ski and Winter Sports Show will open in Detroit.

Visitors counting on a Michigan vacation can plan ahead by sending now for a copy of the Michigan Calendar of Events, available free of charge from the Michigan Tourist Council, Stevens T. Mason Building, Lansing 48926.

Bring 'Em Back Alive Drive In Tenth Year

What is considered the longest-lived traffic safety campaign in the nation was launched into its tenth year of service for motorists in Western Wayne County today (May 26) by Automobile Club of Michigan.

John Robbins, Auto Club's Wayne division manager, told members of the Western Wayne County Safety and Traffic Committee at its May meeting that the "Bring 'Em Back Alive!" program was first promoted in the area prior to Memorial Day weekend in 1961.

"I am pleased to stand here today — even though our traffic safety problems are still here — and renew efforts to make the "Bring 'Em Back Alive!" program stronger and more effective than ever," Robbins told his audience gathered for a noon meeting at the Warren Valley Country Club, 26116 W. Warren, Dearborn Hts.

Robbins said that the program was continuing along the same lines that contributed to its longevity by promoting traffic safety through factual rather than emotional appeals and at the same time encouraging vacation travel.

Most programs die after a year and are never heard of again because they are based on just a slogan which "fades with the print on posters, banners and pamphlets," said Robbins.

"Bring 'Em Back Alive!" has been more than a "sloganeering' campaign," added Robbins. "It has been a living program with teeth — providing facts traffic engineers have discovered."

To illustrate the positive aspects of "Bring 'Em Back Alive!" which encourages motorists to travel, Auto Club's spokesman cited the promotional materials it is preparing to release across the state before Memorial Day.

"We have a total of six languages for our new bumper stickers all saying 'Bring 'Em Back Alive!' which we will distribute at the many ethnic events held in Michigan this summer," said Robbins.

Another item is a placemat for restaurants which highlights festivals and at the same time urges safe motoring.

Robbins said Auto Club feels that safety compaigns which dwell on the unsafe aspects of automotive travel do a needless disservice to Michigan's two biggest inductries — auto manufacturing and tourism.

Since the "Bring 'Em Back Alive!" campaign began, Auto Club has been pointing out that eight of every 10 fatal accidents happen near the victim's home and involve motorists not on a holiday or vacation trip.

"We are pointing out through display materials and the mass media that it is safe to travel in Michigan and at the same time telling where to go, what to do and how to arrive safely," Robbins said.

Plan Special Show

GARDEN CITY — The Western Wayne County Art Association will hold a special art show and sale at the Cherry Hill Plaza tomorrow through Saturday.

The show will be held during shopping hours with club members present to demonstrate their skills and to answer questions.

The club is also interested in signing up new members.

The association now has members in the communities of Garden City, Westland, Wayne, Livonia, Romulus, Inkster and Dearborn Heights.

Thompson Heads Panel

INKSTER — Louis D. Thompson, a member of the Cherry Hill Board of Education, was elected president of the Metropolitan Association for Improved School Legislation (MAISL) at its regular meeting May 28. He will serve during the 1970-71 school year.

Thompson previously served as president of the association during the 1965-66 school year. He has worked extensively with school administrators, school board members and elected officials in Lansing and Washington, D.C. in furthering educational legislation.

In heading MAISL, Thompson will seek to bring additional state aid to low valuation school districts in Wayne County where property taxes have been among the highest in the state.

Member districts of this Association at the present time are Cherry Hill, Garden City, Inkster, Livonia, Redford Union, Taylor, and Wayne.

Thompson is completing his sixth year as a member of the Cherry Hill Board of Education. He previously served as president of the Fischer Very Interested Parents for three years.

Thompson is employed by the Ford Motor Co. as a department manager. He resides at 195 Joel Ct., Inkster.

Nine Area Students Are Regents Scholars

Five students from Cherry Hill High School, three from Inkster High and one from Ladywood High in Livonia are among the more than 1000 Michigan seniors named as Regents-Alumni Scholars by the University of Michigan.

The award recognizes their outstanding academic achievement.

Although the awards are primarily honorary, each designated student will receive a token $50. Ronald M. Brown, financial aid director, said that this year applications for financial help have been entirely separate from the Regents-Alumni Awards. In fact, students do not now apply for the Regents-Alumni designation. Those honored are selected from freshman applications.

Alumni volunteers throughout the state participated in the final selection process by conducting interviews with students.

"We believe that the honorary awards, both this year and in the future, will fulfill the important function of recognizing people who have the potential of making an oustanding contribution to the academic community of the University," he said.

Recipients of the award were Cherry High School seniors: Christine Connors, Kathryn Olsavsky, Gail Richardson, all of Inkster. Louise Russo, Dearborn Heights, and Jesse Shelley, Westland. Honored from Inkster High were: Joanna Kuks. Deborah Ann Smith and Veronica Wilkerson, all of Inkster. Ann Marie Wisner of Inkster was honored from Ladywood High.

PCHA Board Approves Central Laundry Plans

Two long-planned construction projects, a possible property trade and the eventual fate of the old Beyer Memorial Hospital property in Ypsilanti occupied the attention of the Board of Directors of Peoples Community Hospital Authority at its monthly meeting Thursday night.

Plans and specifications for the new Central Laundry building to be constructed at PCHA's Annapolis Hospital in Wayne were approved. This building will house the $240,000 "Poensgen Flowline" laundry processing machine purchased by the Authority last September.

The desicion was followed by an announcement by Congressman William D. Ford (D-15th District) that a grant of $250,000 was recently approved by the Department of Health, Education and Welfare in Washington to help finance the laundry project.

The funds are made available under the Hill-Burton Act, and include an allotment for expanded boiler facilities at all hospitals.

Hailed as a major break-through in the field of materials handling in hospitals, this equipment is expected to be a real time and money-saver. All the laundry processing for the four PCHA hospitals will be handled by this central facility. In effect, hospital laundry personnel merely feed the apparatus with soiled laundry and it then flows through each stage of washing, rinsing and drying without again requiring human handling.

The Board approved the low bid of $32,670, submitted by Markward & Karafilis, Inc. for the construction of a gift shop and Guild Guidance Clinic at Seaway Hospital in Trenton.

Authority Attorney Charles B. Cozadd was instructed by the Board to proceed with negotiations with the Wayne County Road Commission relative to the possible sale or trade of PCHA-owned land in Canton township.

The Authority owns 60 acres on this site and the county has expressed a desire to purchase aprpoximately 11.2 acres as part of a project for the Lower Rouge Flood Control program. It was also noted that the county might be willing to trade a like amount of acreage it owns south of Annapolis Hospital for this property.

"Old Beyer--what now," declared a Board member when the question of disposition of this building and 3.6 acres of land came up for a decision Thursday night. Two bid options were OK'd by the group. First, bids will be asked for the demolition of the old hospital building, and two, bids will be asked on the sale of the property as is.

In other action the Board approved 15 medical staff applications, four at Annapolis, two at Beyer Memorial, five at Outer Drive and four at Seaway; OK'd payment of current bills in the amount of $24,482.67.

Liquor Commission Lists Area Activity

LANSING — The Michigan Liquor Control Commission has announced the following activity in the Western Wayne County area this month:

A hearing will be held in MLCC offices in Lincoln Park on a charge against Stella Gill, 27736 Eureka Rd., Romulus, of an intoxicated person consuming liquor on the premises. The charge was brought by the Wayne County Sheriff's Department.

Hearings were to be held this week on a charge against Howard O. Gabbert Jr., 18957 Middlebelt, Romulus, of selling to a minor. The Flat Rock State Police brought the charge.

Also to be heard this week was a charge against Earl W. Payette, 30325 W. Six Mile Rd., Livonia, of having premises occupied after the legal hour. Charges were brought by the Livonia police.

A request for transfer of Class C and SDM license from Metropolitan Inn Corp. to Associated Detroit Companies Inc., 36095 Goddard Rd., Romulus, was denied for the reason that the applicant corporation does not qualify under the statutory reqirements.

A request for a transfer of a Class C and SDM license from Garnett A. and Clarice E. Nesbitt to William E. Schwartz, 35937 Ford Rd., Westland, was approved as to the Class C license and denied as to the SDM license.

Approval to sell spirits on the premises after 2 p.m. Sunday was granted to Theresa Bandarzewski, 19110 Middlebelt Rd., Romulus.

An application for a new SDM license and permission to maintain direct connection to an unlicensed drug store was granted to Bonnie Discount Stores, Inc., 930 W. Ann Arbor Trail, Plymouth.

A request for a new SDM license for Herbert W. and Sarah L. McCann, and Southland Corporation, 5750 Wildwood, Westland, was approved.

Dear Mr. Stricklin:

Thank you for your recent offer of purchase for a full truckload of Sequoyah Carpets. Our overstock position on this carpet will enable you to pass on tremendous savings to your customers, thereby, creating an increased volume of business benefiting all of us.

We needed a respected and reliable dealer, such as you, to give our carpet the best exposure, and have every confidence in your ability to handle this large purchase.

Again, I wish to thank you for your offer, the opportunity for a very pleasant association, and hope for a tremendously successful sale.

Respectfully yours,

Andy Traskal
